PATRIOT

Hows its going Graddaddy,

Boy, how time flies! Seems like only yesterday I was presenting you with this annual, and you told me to keep it and write something in it so that it would be more personal. Well, here goes . . .

A lot of things have changed since May of 1981 . . . Take you for example, first there was the Senior trip to the beach for Laurie and I, thanks to you (We really appreciated it more than you will ever know!) . . . then there were Wedding Bells soon to chime for you and Lala, we were all real glad you found someone to love again . . . Then came the big decision of whether or not to "RETIRE", Well, you did it, now its off to a happier and more enjoyable life . . . Next, was the move to High Point with its many hours of bird watching, gardening and trips to the lake.

As for me alot has happened also. There I was a high school graduate bound for Meredith where I would meet my husband to be and also change career goals two times. First, to be a CPA then to fashion merchandising and design, but I still was not satisfied, so off to Radiology school I went to learn to help other people, finally after two long years I became an X-Ray Tech . . . Then Wedding bells were to chime for Jim and I, and oh, how Happy I was that you could join us on this happy occassion . . . Next, there was the big house building, only six months after we were wed (what a test of faith!!) . . . then there was the big Anniversary Party for Mama & Daddy, I believe they really enjoyed it . . . then came the wedding of again other grand daughter, Walker, which kinda brings us up to today where →

I am still happily married and have a dog (Blair) and a kitten (Jasmine) and a wonderful job which I thoroughly enjoy.

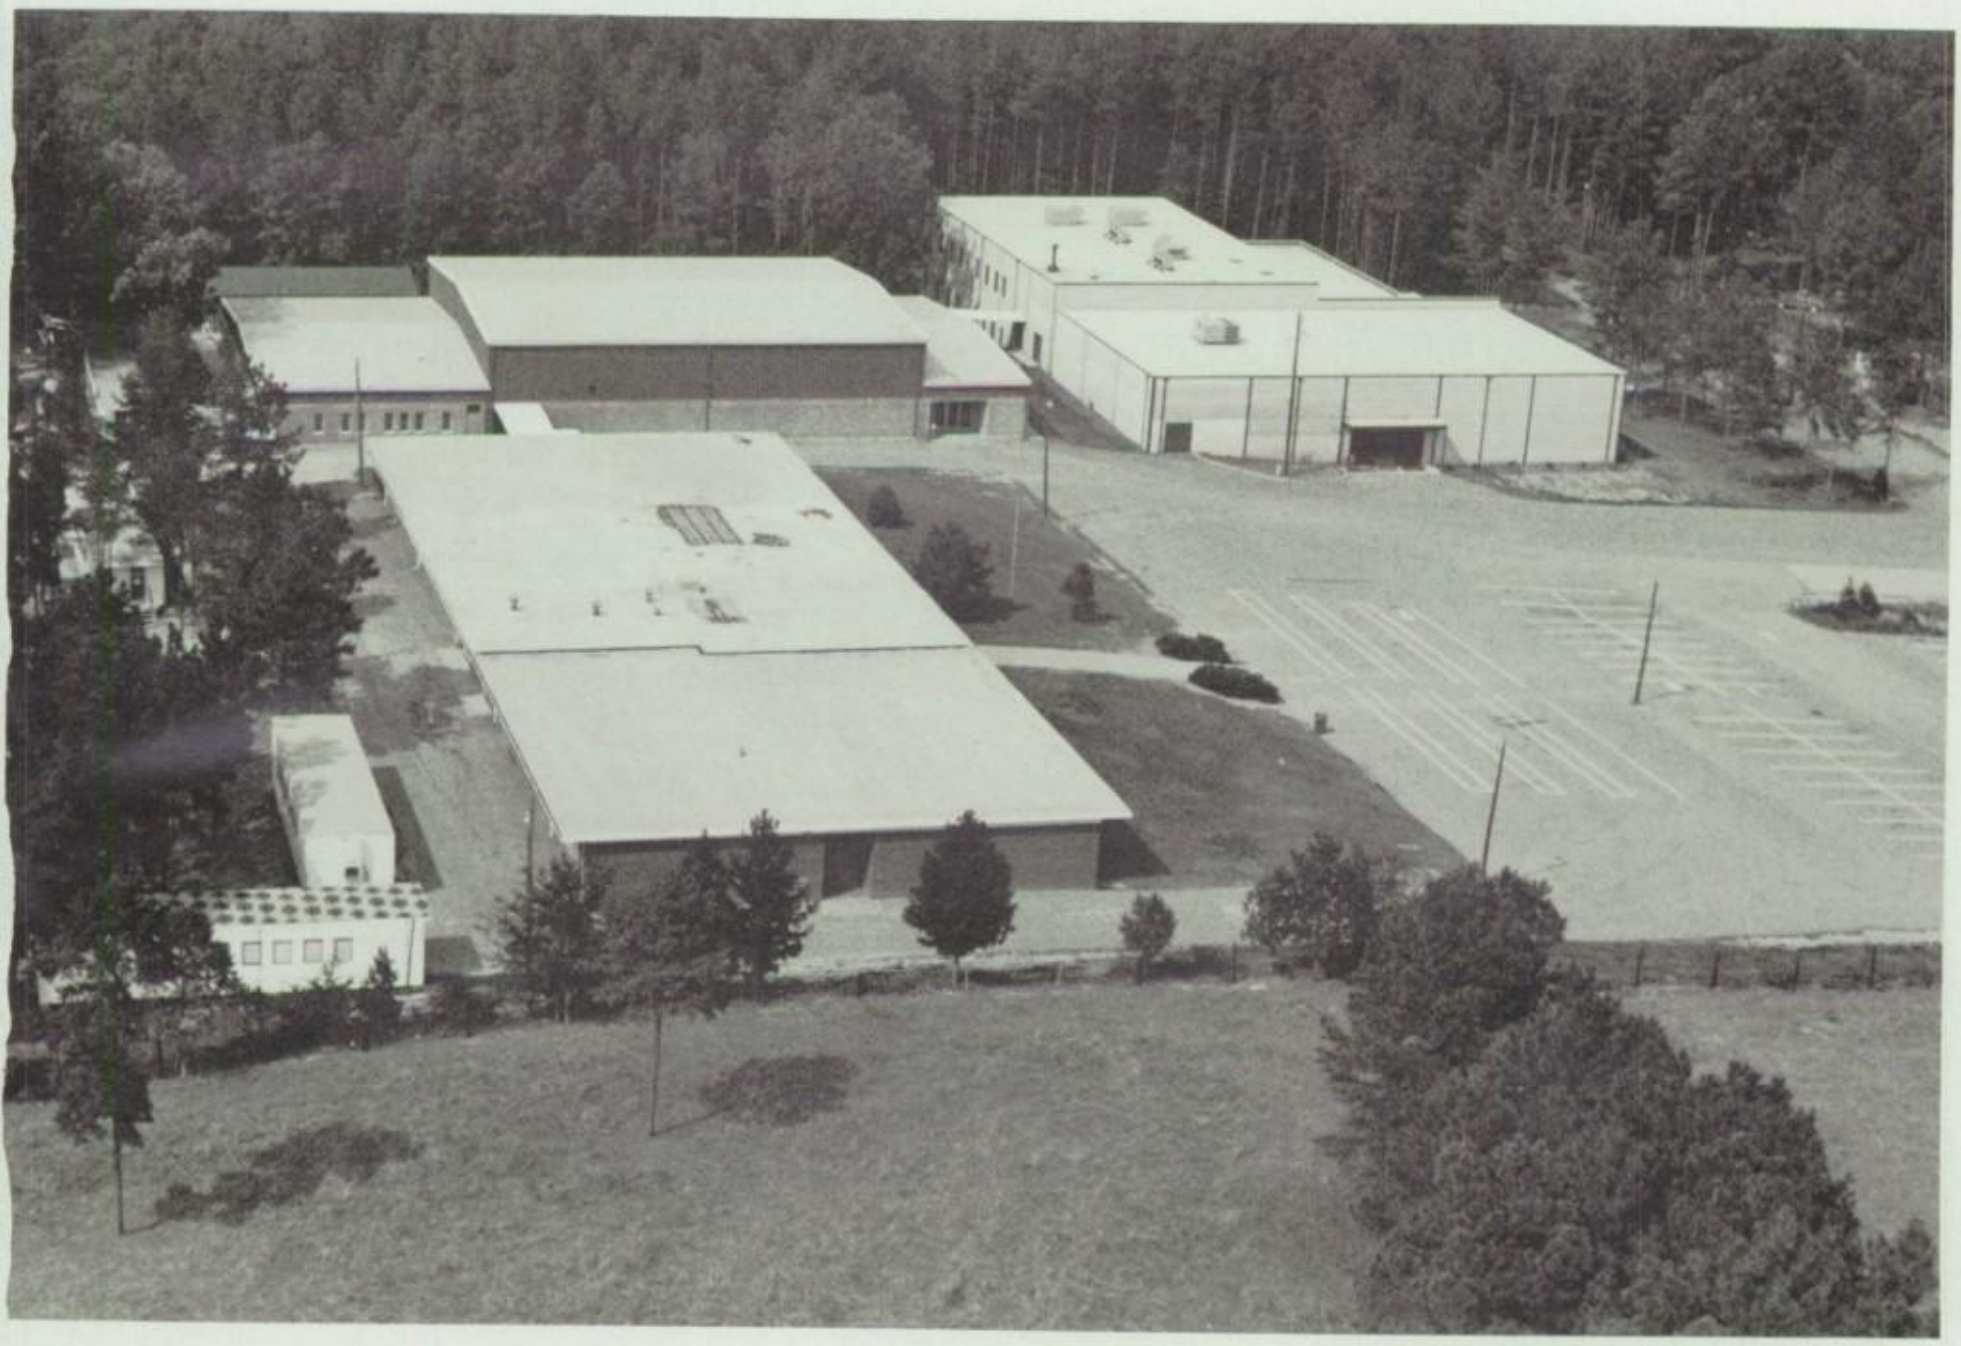
I have all of these wonderful things, but I still miss seeing you as much, please let's try to get together more often, because I love you deeply and miss being around you as often.

OXOXOX

Friends forever,
Your granddaughter
and annual staff
editor,
Shirlene

July 3, 1988

Patriot 1981
Volume XII
Wake Christian Academy
5500 Academy Drive
Raleigh, North Carolina



Editor **Shirlene Cates** **Co-Editor** **Laurie Bryan**

We the people . . . of Wake Christian Academy open this book of history. We look at what we had . . . and now we look at what we have . . . Without GOD'S help and a lot of determination, we would never have shared the HISTORICAL MOMENTS of nineteen eighty-one.

Wake Christian Academy . . .

began in 1965 with only fifty-five students. In the past sixteen years many changes and accomplishments have been made. First, what is now the Elementary Building was added on to accomodate the elementary and high school students. Next, the gymnasium was built, and trailers were added for additional classrooms. Then in 1977, the High School Building was completed and put into use to meet the growing enrollment. In the past two years, Mid-Way Christian School has merged with Wake Christian Academy. The enrollment has now increased to over 900.

Progress . . . ever moves us onward, and we look ahead to higher goals of service, but when the present is sought in the future, we shall have fond recollections of seasons of reverent worship, hours of hard study, and afternoons of athletics.

The News and Observer

Hostages fly to freedom as Reagan takes office

President promises 'national renewal'

Liberated hostages arrive in Germany

Families rejoice in outpouring of tears, cheers

Under the Dome

Friday considered for governor's race

Ribbon cutting, candle lighting mark hostage festivities in N.C.

Inside today

Engraved . . . not only in the pictures and phrases of this book but also in our memories, are the events of our year at Wake Christian Academy. We treasure the pleasant hours spent here, and we go forward with confidence, for "Though we do not know what the future holds, we know Him who holds the future."

1981 DEDICATION

I look into her face and see the eyes of commitment and determination and the smile of satisfaction. This year the 1981 PATRIOT is lovingly dedicated to a woman whose ministry has touched the lives of many students.

ANNE HOPKINS.

Administrator - Franklin Pierce

Board of Directors: John Buffaloe, Truman Mann, Charles Wilder. William Buffaloe, Franklin Pierce, W. Elmer Dixon, Thomas Pierce, Russell Carroll

MEMORIAL

For me to live is Christ, and to die is gain.

—Philippians 1:21

Jim Hoyle certainly understood the meaning of these words as he answered this question on his last Bible test: What are we to seek first in this life?

. . . "to see the kingdom of God."

James Franklin
Hoyle

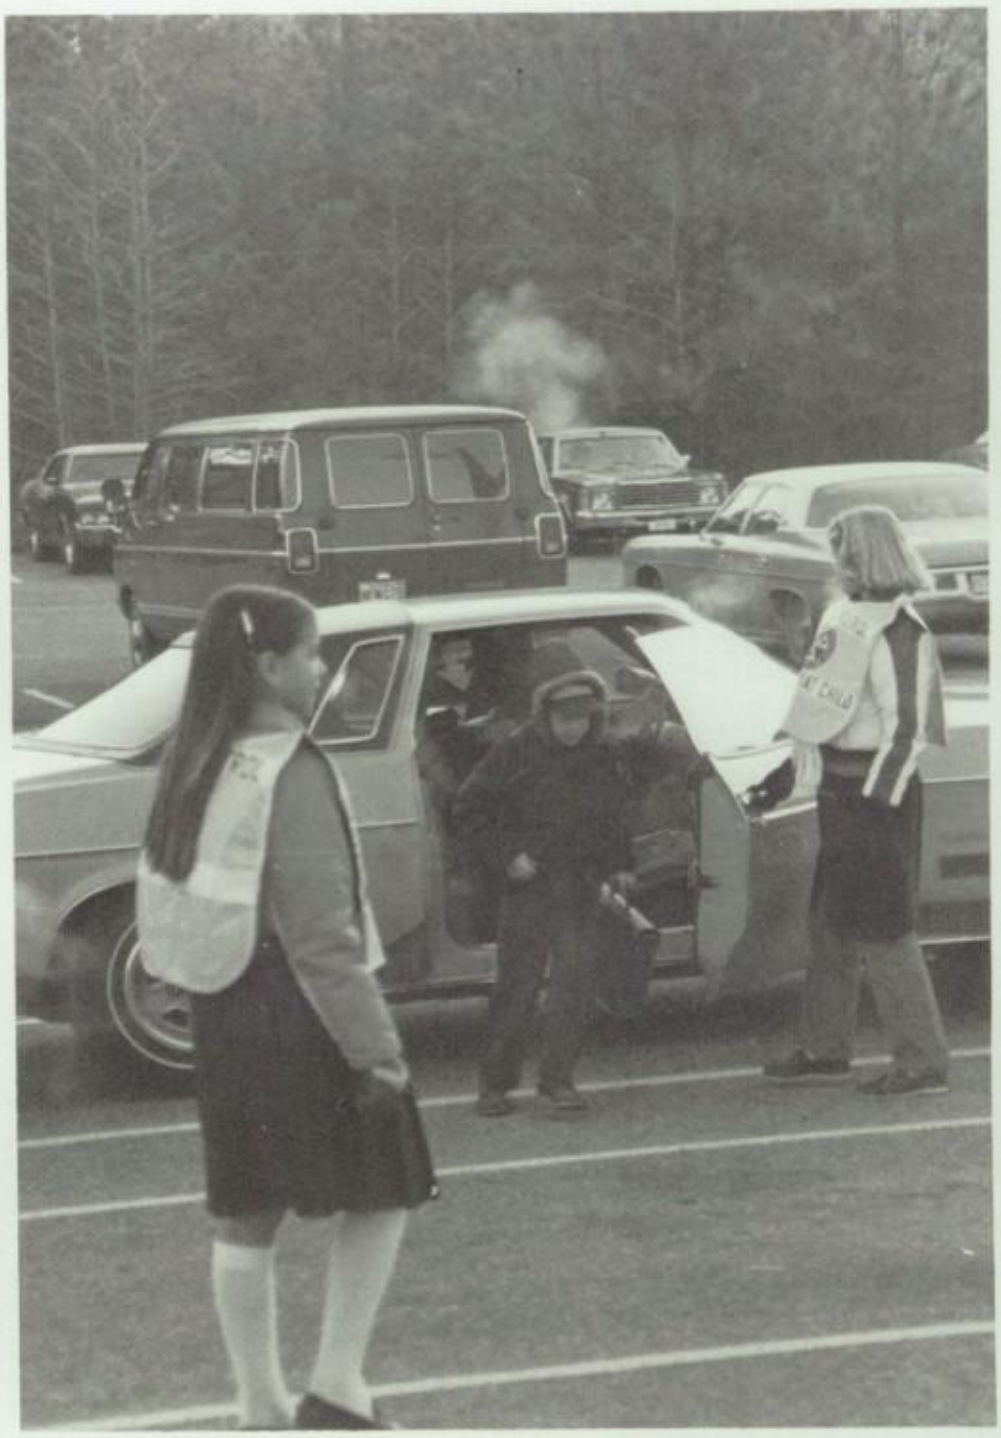
BAND AND CHORUS

SAFETY PATROL

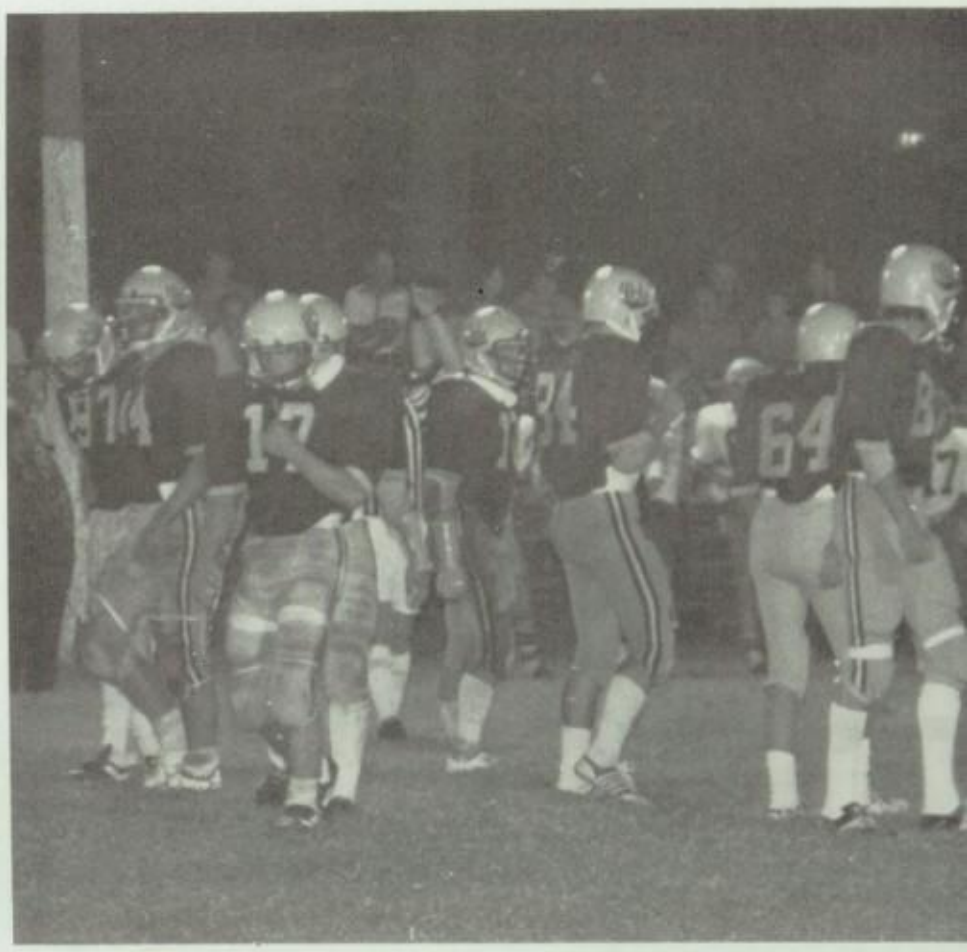


This year the safety patrol was under the direction of Jo-Anne Curtis. Her guidance and the kids enthusiasm caused this year to be a success. It was not easy on those cold and rainy mornings, but the patrol stuck it out. They are to my knowledge the best WCA has ever had.

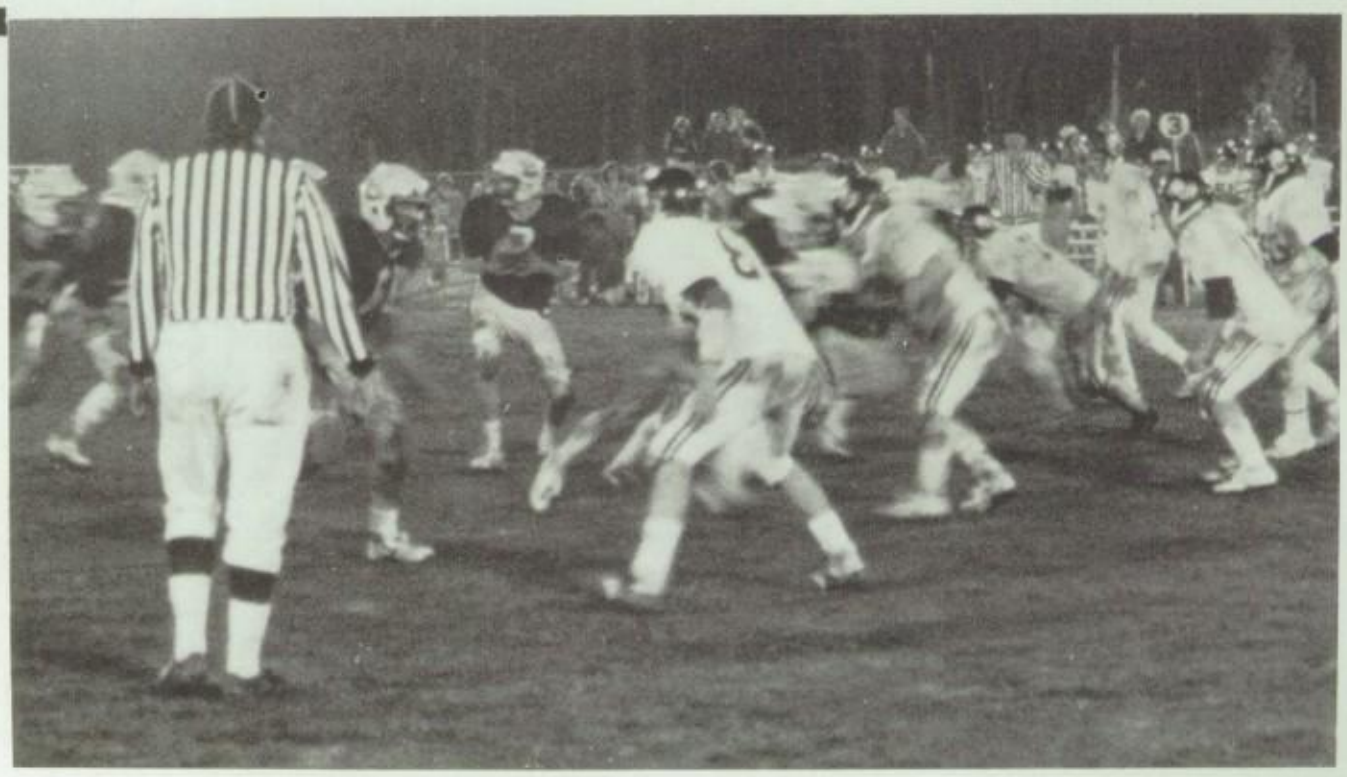
Pam Corbett

SPORTS

VARSITY FOOTBALL

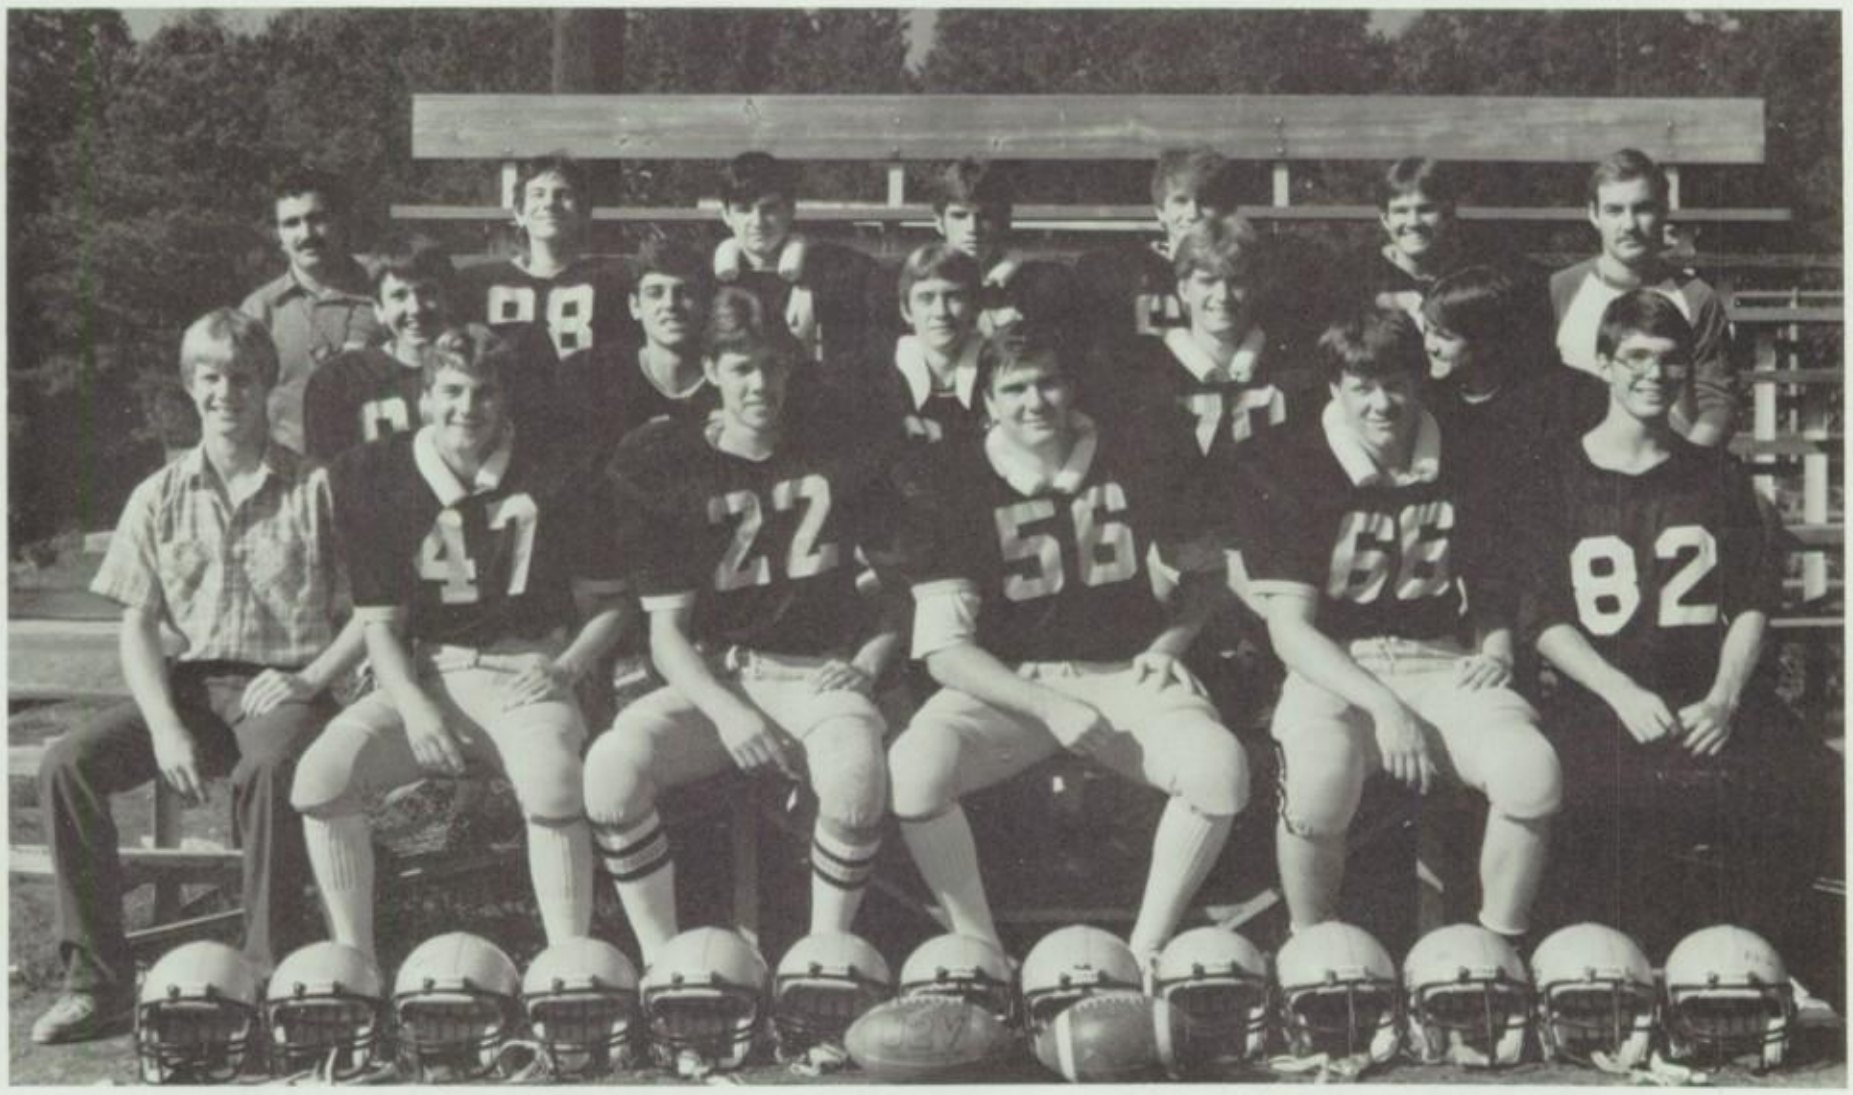


Football began in the mid-1800's as a revision
soccer. The game was played by 30 or more
eople on each team and scorring was done by
mply kicking a round ball across the other team's
oal line. The first college football game was
ayed on November 6, 1896, in New Brunswick,
ew Jersey. In the game, Rutgers defeated the
ollege of New Jersey, which is now Princeton
niversity, six to four.



I thoroughly enjoyed working and slaving with the guys this year. They all have character, and they showed it when times were bad. Forfeiting was almost inevitable; however, with God's help we stuck it out and played hard for the fans and for the love of football.

Rusty Ross



Dan Matthews, Preston Ray, Roger Duke, Tim Weathers, Jeff Pierce, Steve Lewter, Rusty Ross, Tim Johnson, Dale Hayes, Scott Ross, Brian Dew, Dwayne Hefner, Dexter Cooke, Preston Hunt, Mark Forsythe, Jimmy Gardner, Dale Wall, Manager: Johnny Mims, Statistician: Mark Puryear, Coach: Mr. Baker and Jack Metts.

VOLLEYBALL

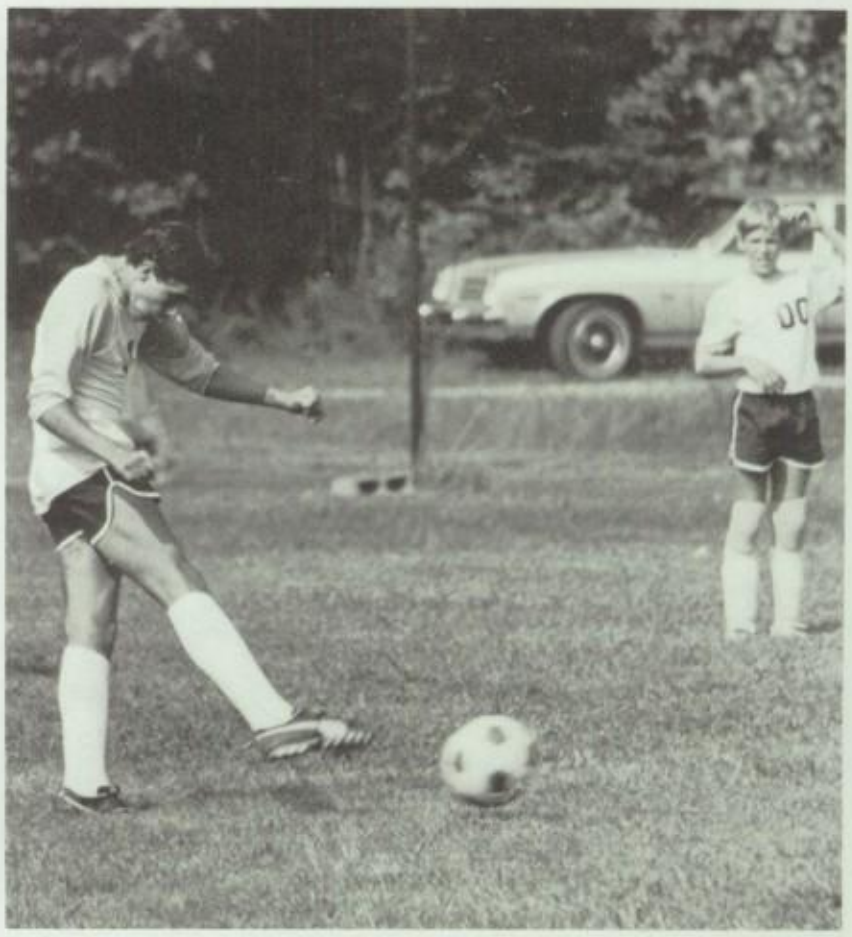
Left to Right. Front Row: Kay Robertson - Co-Captain, Lisa Bryan - Co-Captain. Second Row: Karen Mann, Sharon L. Bass, Jan Tripp, Doreen Heath, Angela Jones, Lori Durden. Back Row: Coach Hilda Bailey, Betty Mann - Statistician, Amy Jones, Susan Bowden, Pam Wilder, Shelly Sims, Sharon Brown, Leann Peoples - Manager.

Volleyball was invented in 1895 by William A. Morgan, a physical education instructor at the YM-CA in Holyske, Massachusettes. Volleyball gained popularity in the early 1900's and is now widely played in Asia and Europe. Volleyball was first played in the Olympic Games in 1964.

This year's volleyball team was the best ever. Everyone worked together and it showed as we took second place in the state tournament. We worked hard and with Coach Bailey's support, we put forth all efforts toward winning.

Kay Robertson

SOCCER



Soccer was the only form of "football" played in the United Stats until the 1870's. A game similar to soccer was probably played as early as 400 B.C. by the Chinese. In 1848 some school representatives met at Trinity College, Cambridge, to set up the first rules. Soccer has been played nearly world-wide since then.

Soccer at Wake in 1979 had a rebirth, since it had not been played here for seven years. Last year's team of determination, coupled with quite a few junior high players' eagerness, made this year's team of skill. Playing teams like Ravenscroft, Cardinal-Gibbons, Vance, and many others that were "above par" gave this year's team the experience, skill, and, in some cases, the victories that showed we could deal with anything.

David Cash

Left to Right. Front Row: David Cash - Co-Captain, Rusty Carroll - Co-Captain, Judd Phillips - Co-Captain, Jeff Britton - Captain, Andy McLamb - Co-Captain, Timmy Carroll - Co-Captain, Louis Jordan - Co-Captain. Second Row: Coach Jim Workman, Hank Vail, Scott Buffaloe, Jimmy Carroll, Brian Hedges, Matt Tyrell. Back Row: Jeff Yeargin, Tim Shepard, Eddie Campbell, Brian Perry.

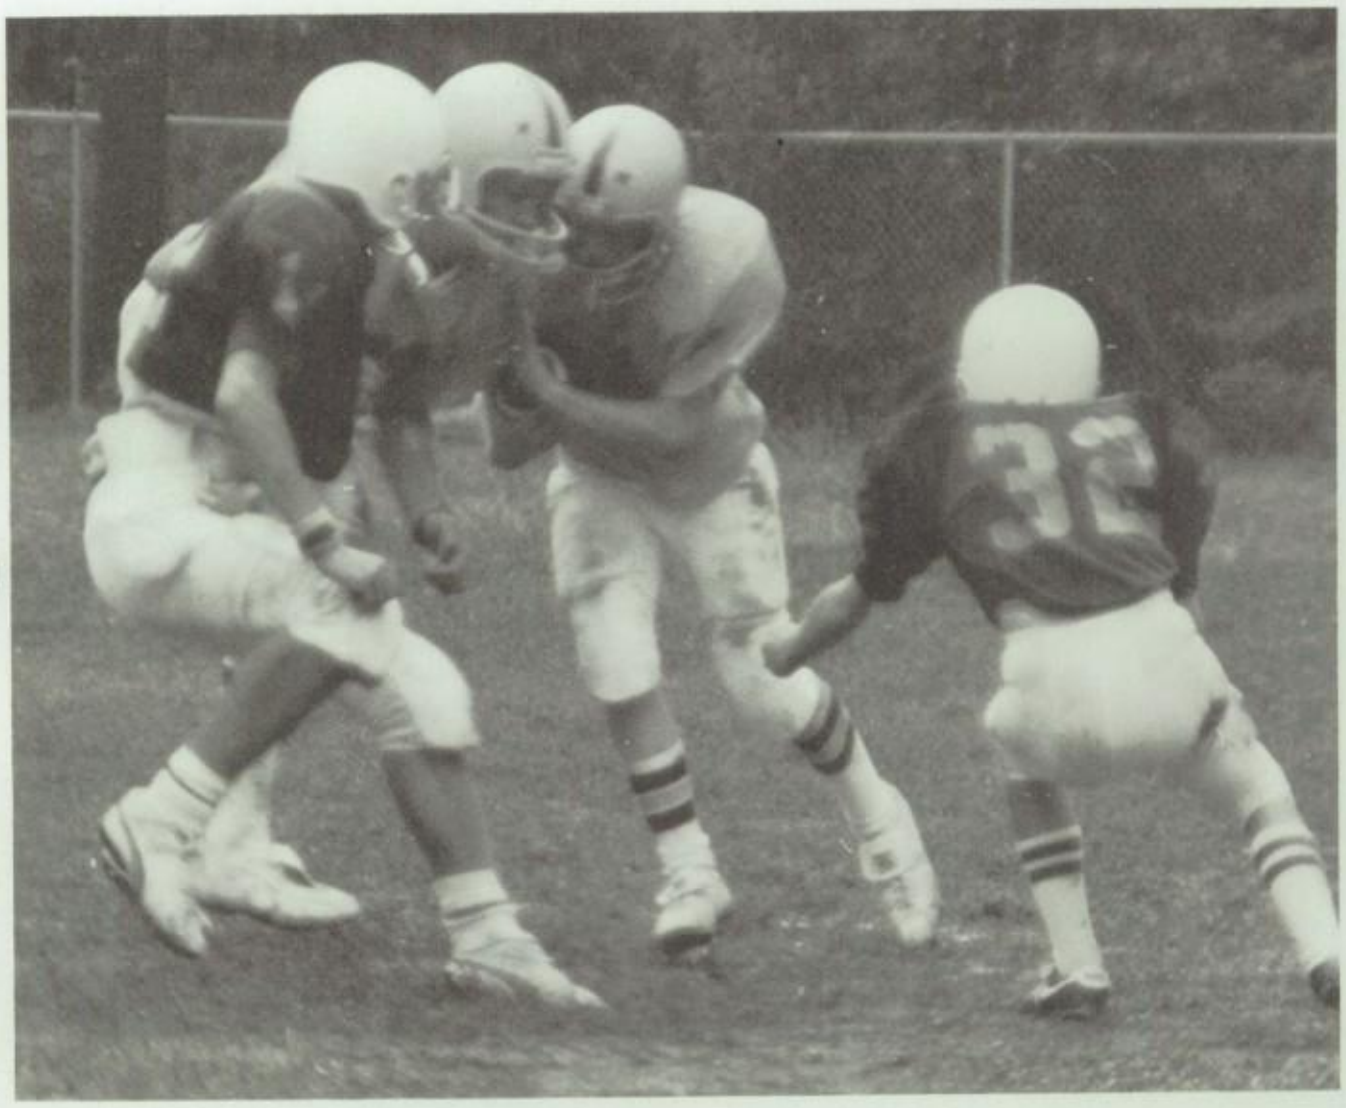
VARSITY CHEERLEADERS

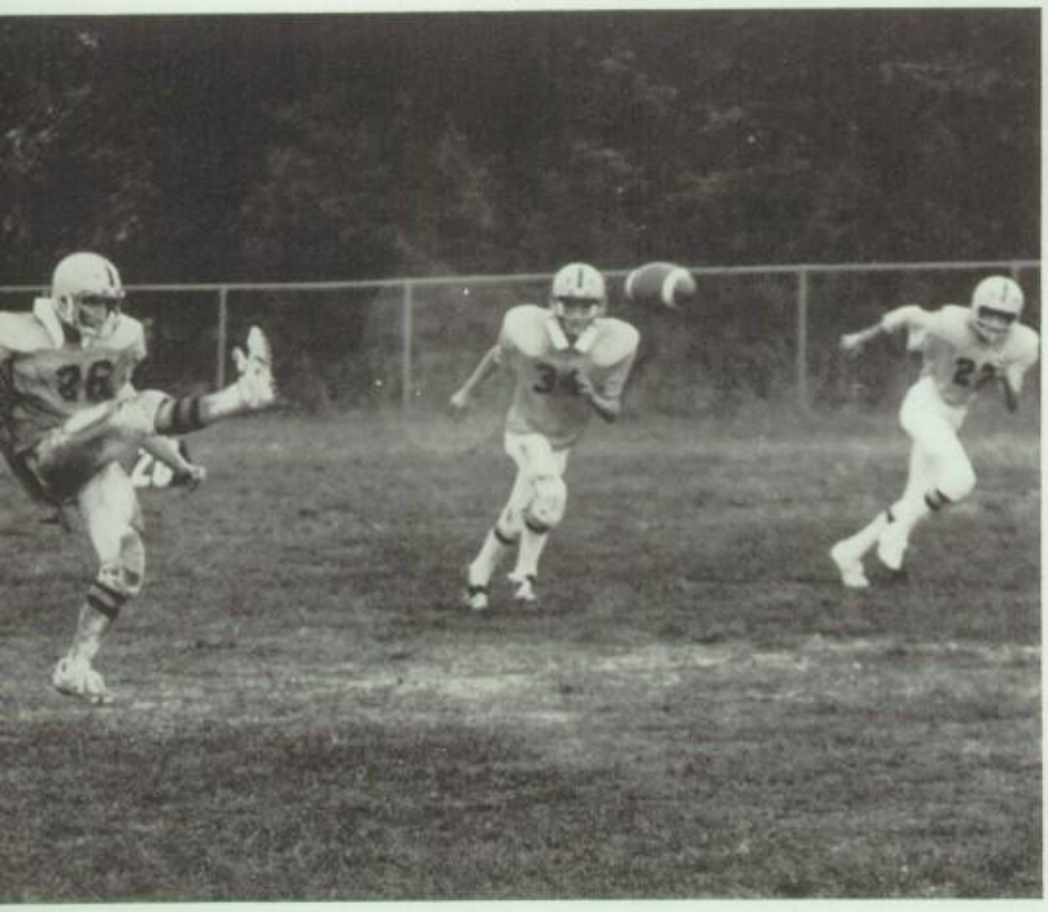
Monica Cox, Signa Franklin, Paula Smith, Ginger Douglas, Sherry Hamilton, Sally Matthews, Lisa Grossman, Denise Cox, Annette Truelove, Debbie Whitten, Cindy Hamilton, Mrs. Smith, Mrs. Cox - Sponsors.

This year's squad was very active from the time football season started to the end of basketball season. We not only cheered for football, soccer, and basketball, but organized Homecoming and Spirit Week activities. Even though this year's squad was large, there was still the close fellowship of a small squad. Each cheerleader contributed to help make the overall school spirit for 1980-81 successful.

Sally Matthews

J. V. FOOTBALL





This year's J.V. football team had to be one of the best ones we've ever had. The group of guys we had were very diligent, tough, and very cooperative. Also, our coaching was super.

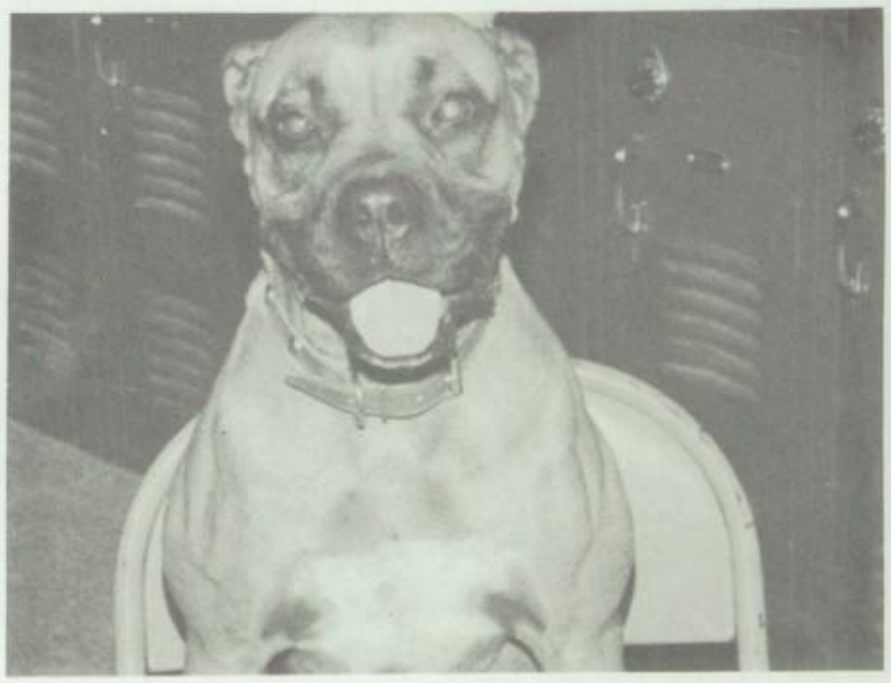
J.V. BASKETBALL

James A. Naismith, a P.E. teacher at the International YMCA School in Springfield, Massachusettes, invented basketball in December, 1891. Naismith asked the janitor of the school to nail to boxes to the gymnasium balcony to be used as goals in this new sport. The janitor could only find two half-bushel baskets; hence, we have the name basketball. The first game was played by Naismith's 18-person P.E. class in December, 1891.

Cliff Franklin, Alex Muse, Ken Forbes, David Ball, Rodney Sears, Alan Owens, Scott Sumner, Eddie Campbell, Ronnie Dean, Dexter Cooke, Mr. Updegraff - Coach.

JUNIOR HIGH BOYS BASKETBALL



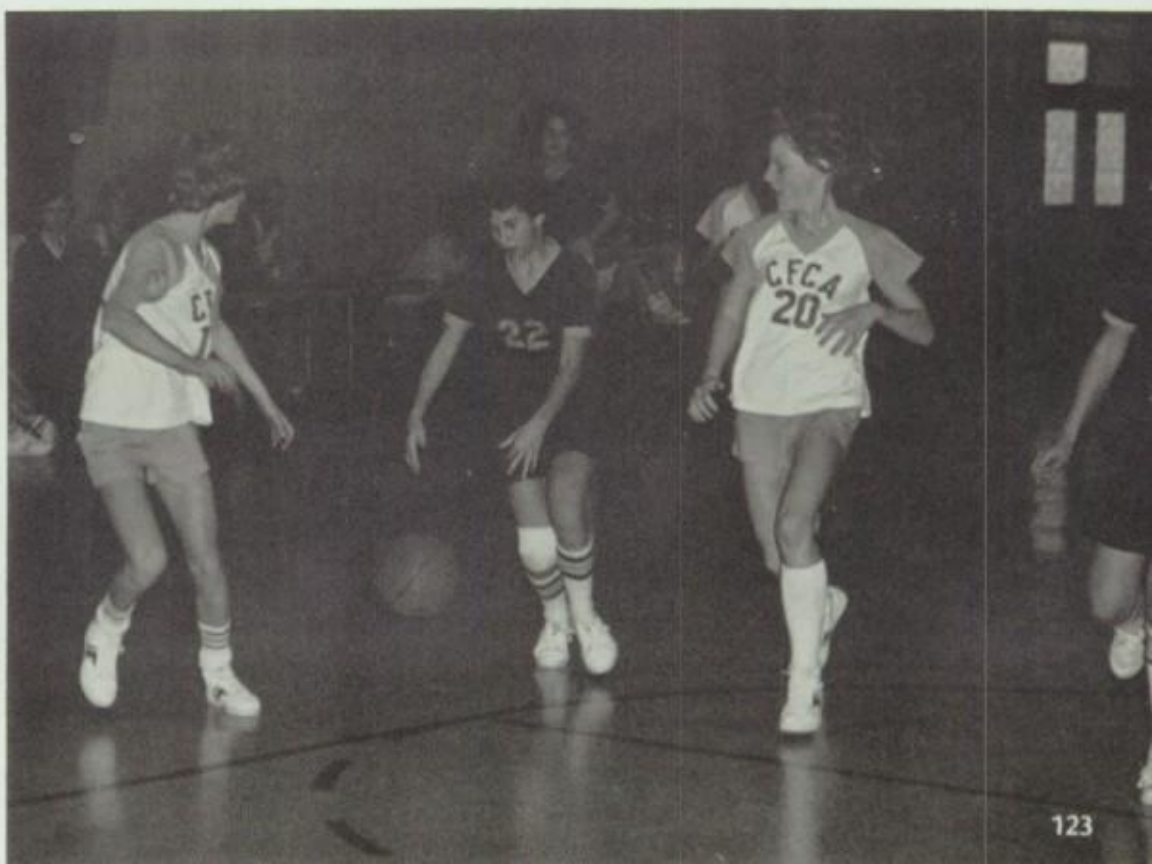
This year we had a very good team. We had a lot of talent and desire to play. I think that we played together more as a team than we have in the past.

Bill Robertson

Jimmy Hardee, Russell Grady, Charles Whitehead, Bill Robertson, Billy Prince, Billy Buffaloe, Trevor Hornick, Mark Thompson, Jimmy Carroll, W. C. Hudson, James Buffaloe, Ted Mills, Hank Vail, Paul Kelly, Mr. Hornick - Coach.

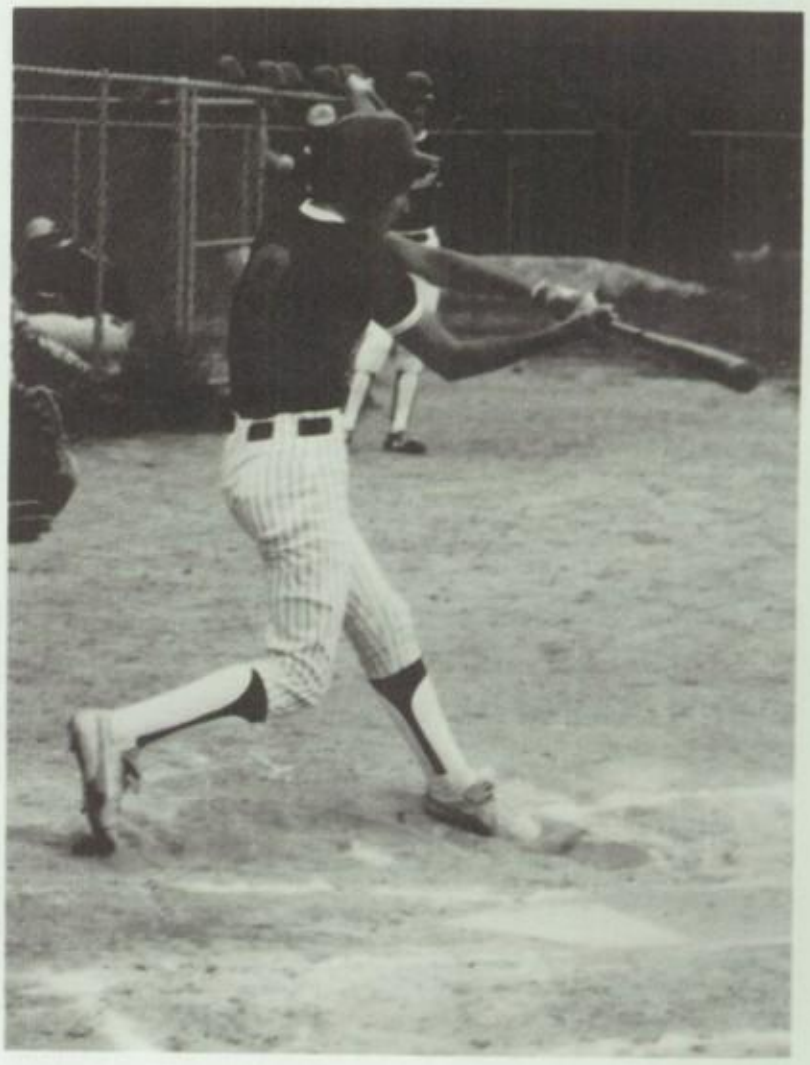
JUNIOR HIGH GIRLS BASKETBALL

Brenda Atkins, Annette Stone, Cindy Pleasants, Kin Langdon, Georgia Smith, Tammy Arrington, Susan Bryan, Tina Arvin, Teresa Sorrell, Cathy McCommons, Paige Lemons, Glynis Mills, Lynelle Oldham, Miss Coats - Coach.



ft to Right. Front Row: Ken Forbes, David Bunn, Bill Robertson. cond Row: William Hicks, Jeff Pierce, Mark Wilson, Randy yan, George Womble, Brian Dew, Lonnie Heath - Manager. Third Row: Chuck Wilson, Mike Andrews, Tony Whitaker, Randy Miller, Tim Nanney, Jeff Yeargin, Coach Joe Baker.

BASEBALL



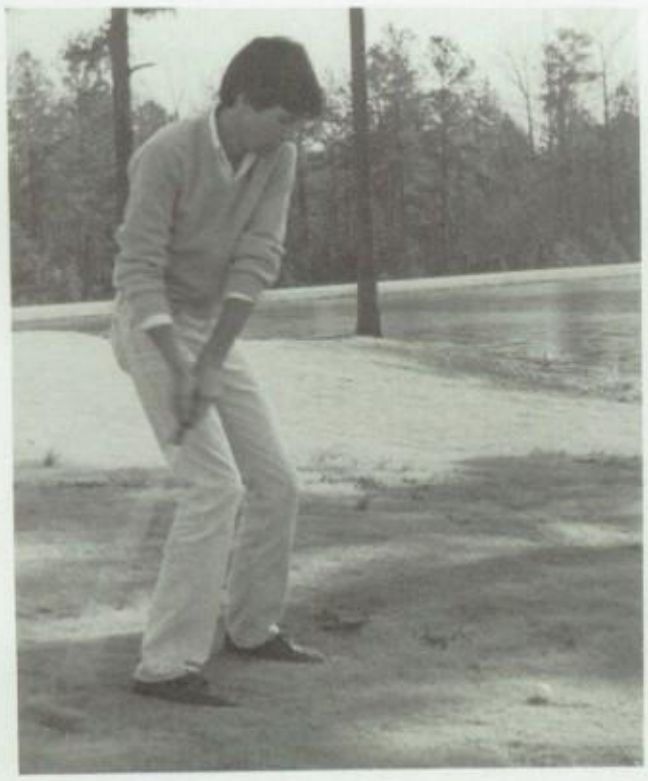
SOFTBALL

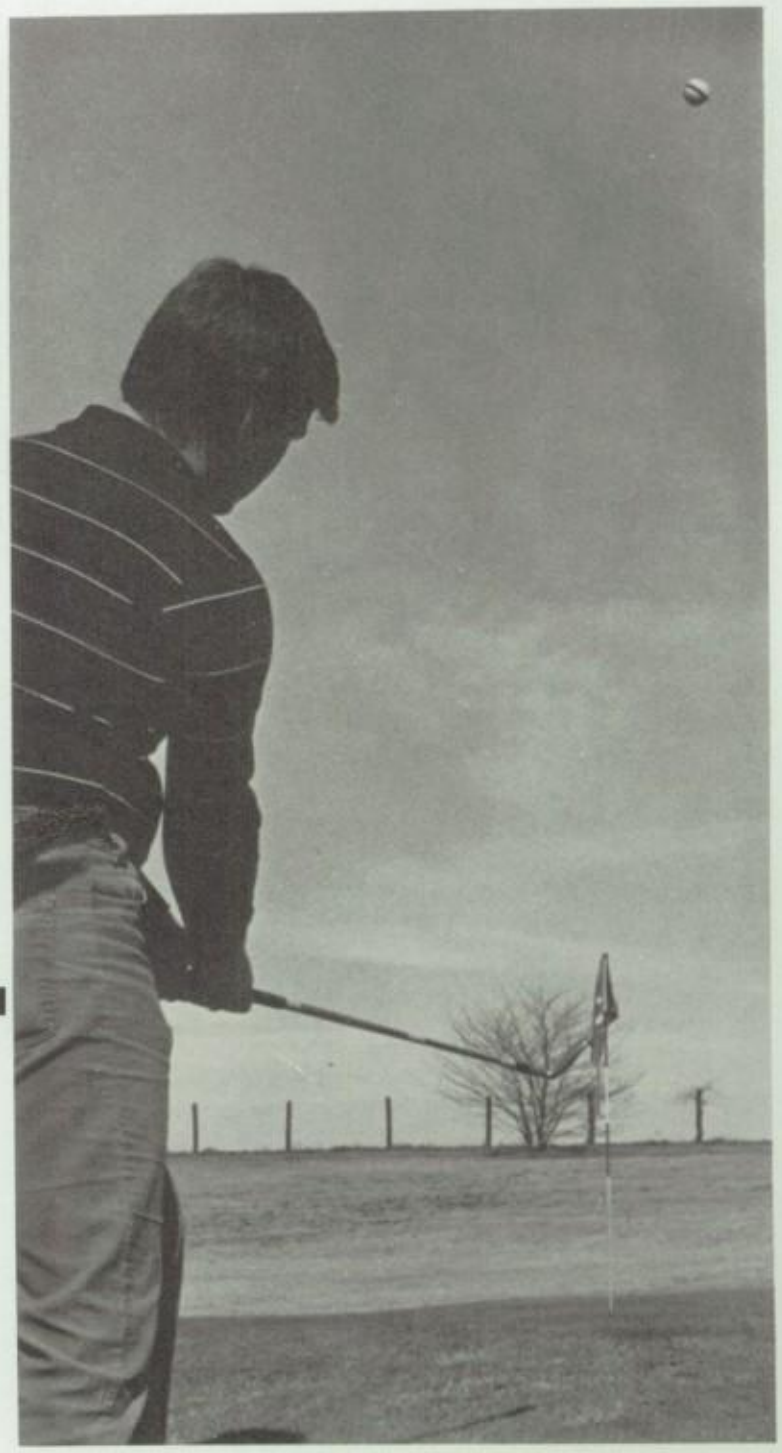
First Row: Julie Mann, Susan Gardner, Pat Bryan, Kay Robertson, Karen Mann, Terry Lane - Bat Girl. Second Row: Susan Wadsworth, Lori Hardee, Lenora Barbour, Pam Corbett, Jan Tripp, Lisa Bryan. Third Row: Mary Lynn Batton, Amy Jones, Kerry Hardee, Ginger Lane, Pam Wilder, Donna Lane, Sharon Brown, Donna Gardner - Scorekeeper, Buddy Broadwell - Coach.

Golf originated in Scotland about 1100. It was a revised version of paganica, a sport played by the Romans in 100 B.C. in which they would run over the countryside with a bent stick hitting a leather ball stuffed with feathers. The first gold club established in the United States was St. Andrews Golf Club, established in Yonkers, N.J., in 1888.

This year's gold team showed real character. Through defeat and ponds we hung together. There's no doubt that this year's team was the best ever at WCA. In 1980, the team won half of the matches scheduled. The team lost no one for the '81 season. The future could be looking bright for a rising sport.

Dale Wall



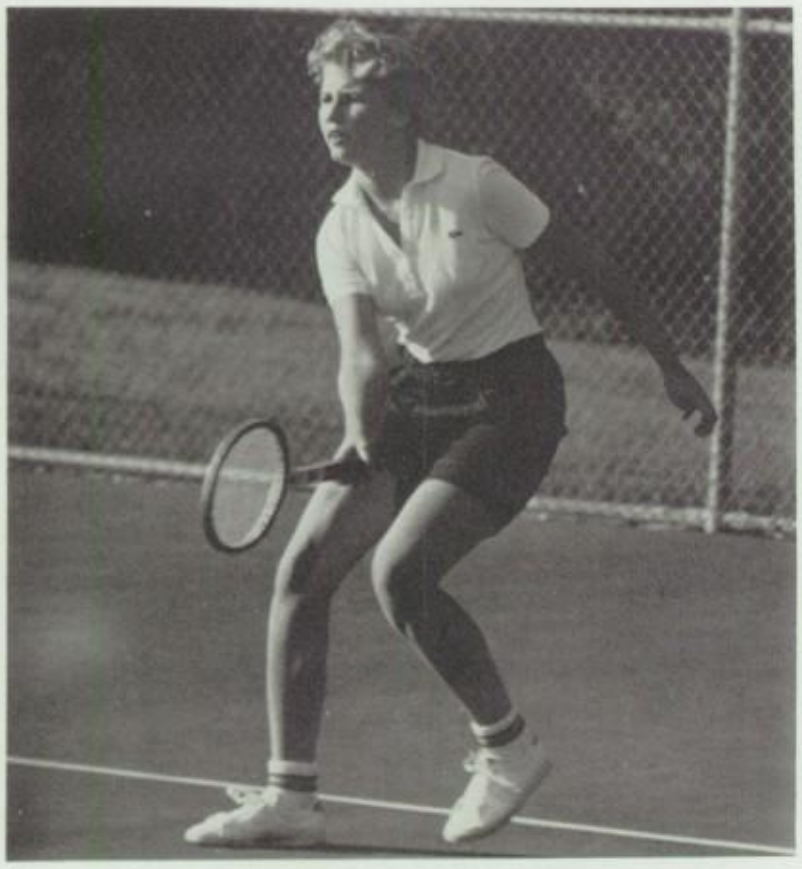


GOLF

TENNIS

Dawn Solis, Shelby Spain, Elsie Ryals, Beth McGarvey, Sharon Durden, Lisa Kirk, Glynis Mills, Shelia Matthews, LeAnn Peoples, Mrs. Currin - Coach.

Tim Carroll, Mike Woodlief, Randy Craig, Kenneth Upchurch, Ken Gardner, Brad Hornick Jeff Honeycutt, Chris Inscoe, Mrs. Currin - Coach.



When tennis first began, it was played in France in the 1100's. It was played by hitting a ball across a net with the palm of the hand. It is said that Major Walter Clopton of England founded the sport in 1873, and that Mary Ewing Outerbridge introduced tennis to the United States in 1874.

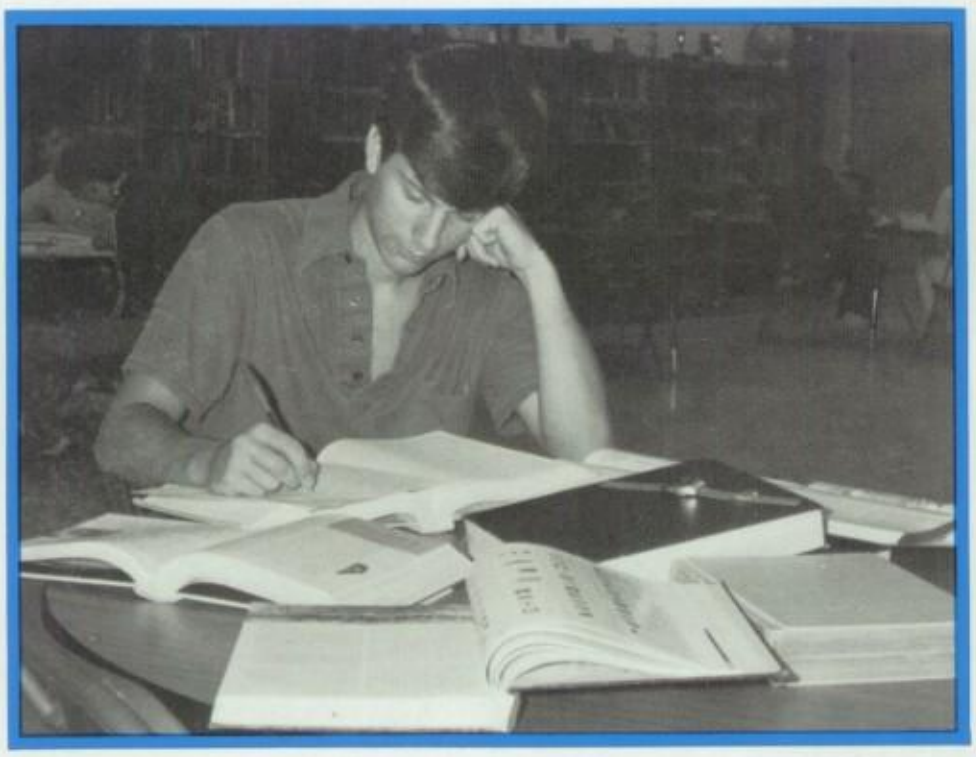
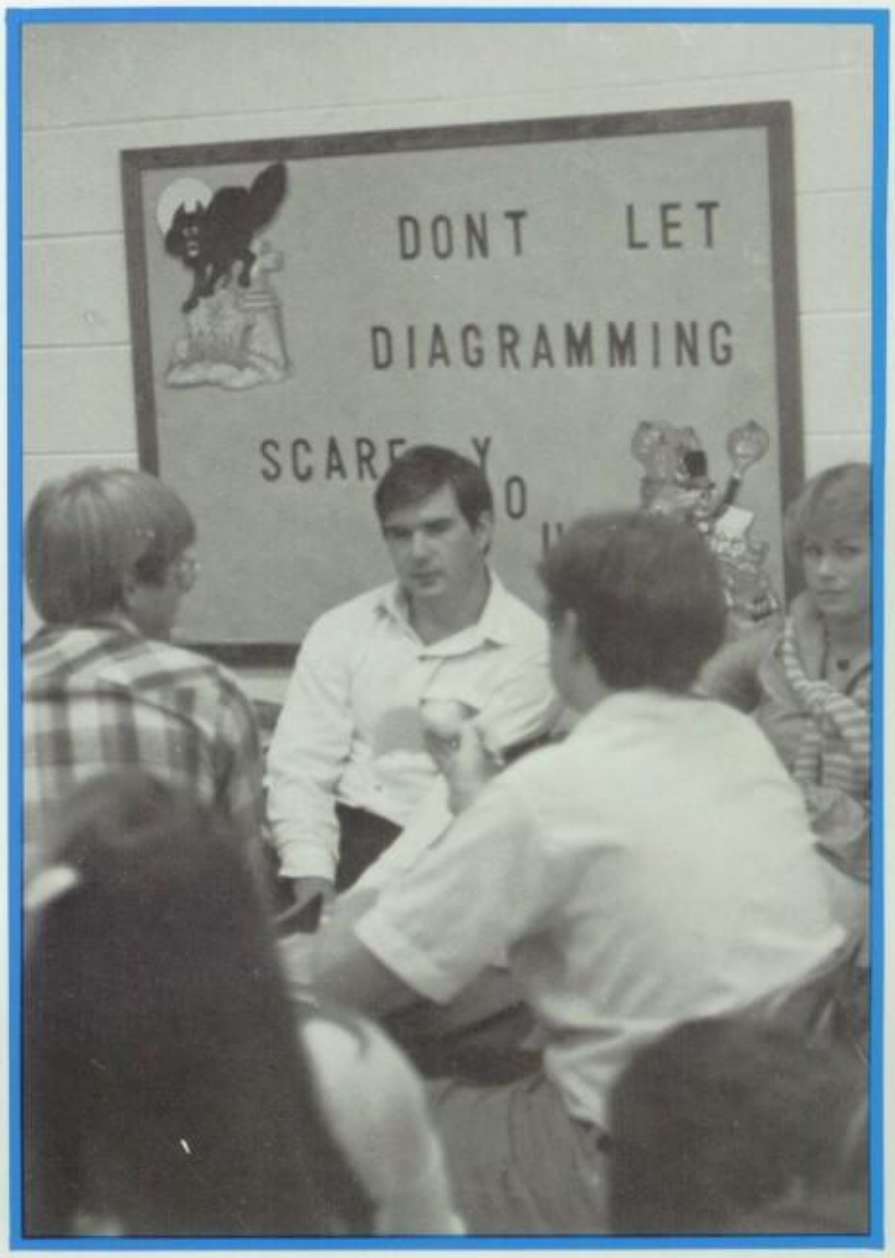
ACADEMICS

ENGLISH





To some the incessant pounding of nouns, verbs, verbals, phrases, clauses, and so on seems murderous. Literature appeals to some students more than grammar; vocabulary and spelling appeal to few. However, thorough study in all these areas is necessary to master the English language.

Most of the high school English at WCA centers on college preparation, because it is our goal to produce superior college prospects. We also believe that Christians especially need to have a sound background in this basic subject to be respected and heard in today's world.

FOREIGN LANGUAGE

The foreign language department is a great asset to our school. Spanish I and II, taught by Sherry Parker, involve the study of customs, everyday conversation, and Spanish lifestyle in general. Our "Spanish-speaking" students also memorize Bible verses such as the one below:

Porque de tal manera amo´ Dios, al mundo, que ha dado a su Hijo unigenito, para que todos aquel que en él cree, no se pierda, más tenga vida eterna.

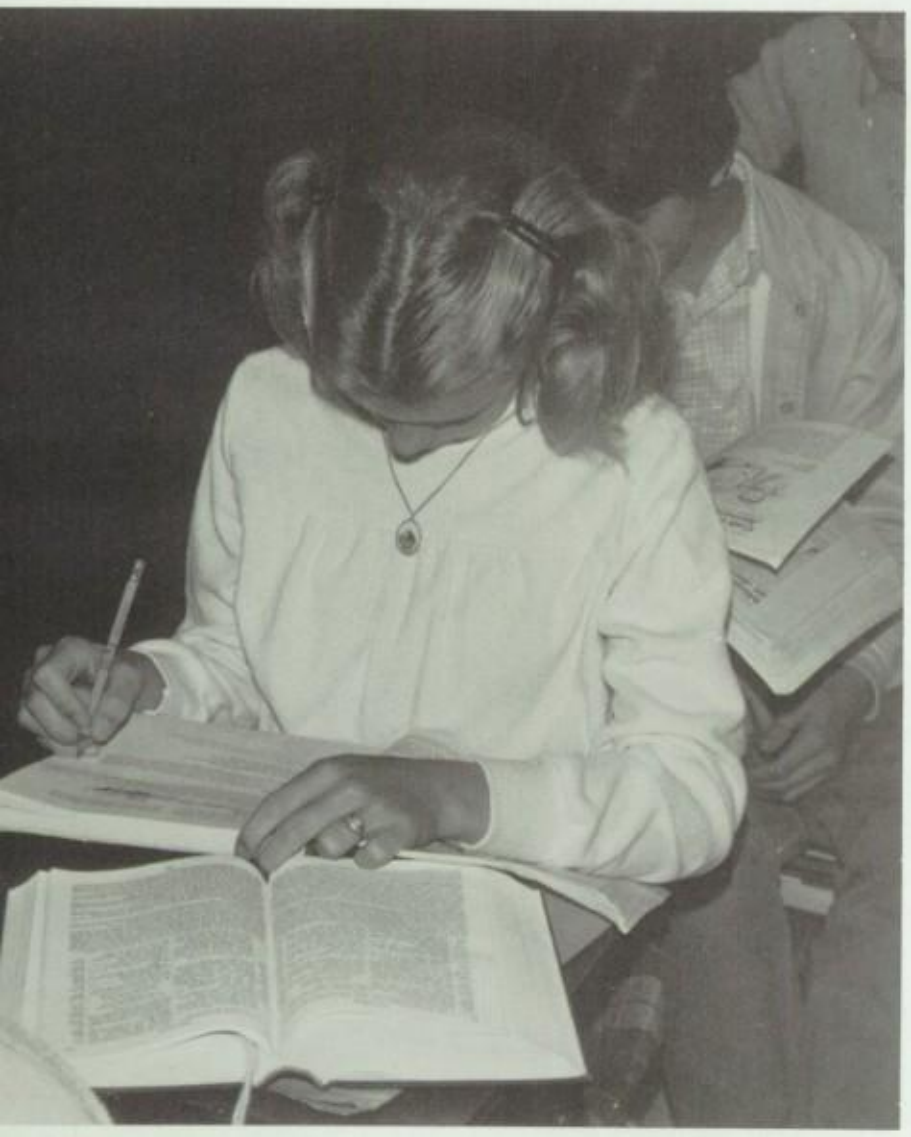
Juan 3:16

How is your Español, amigo?

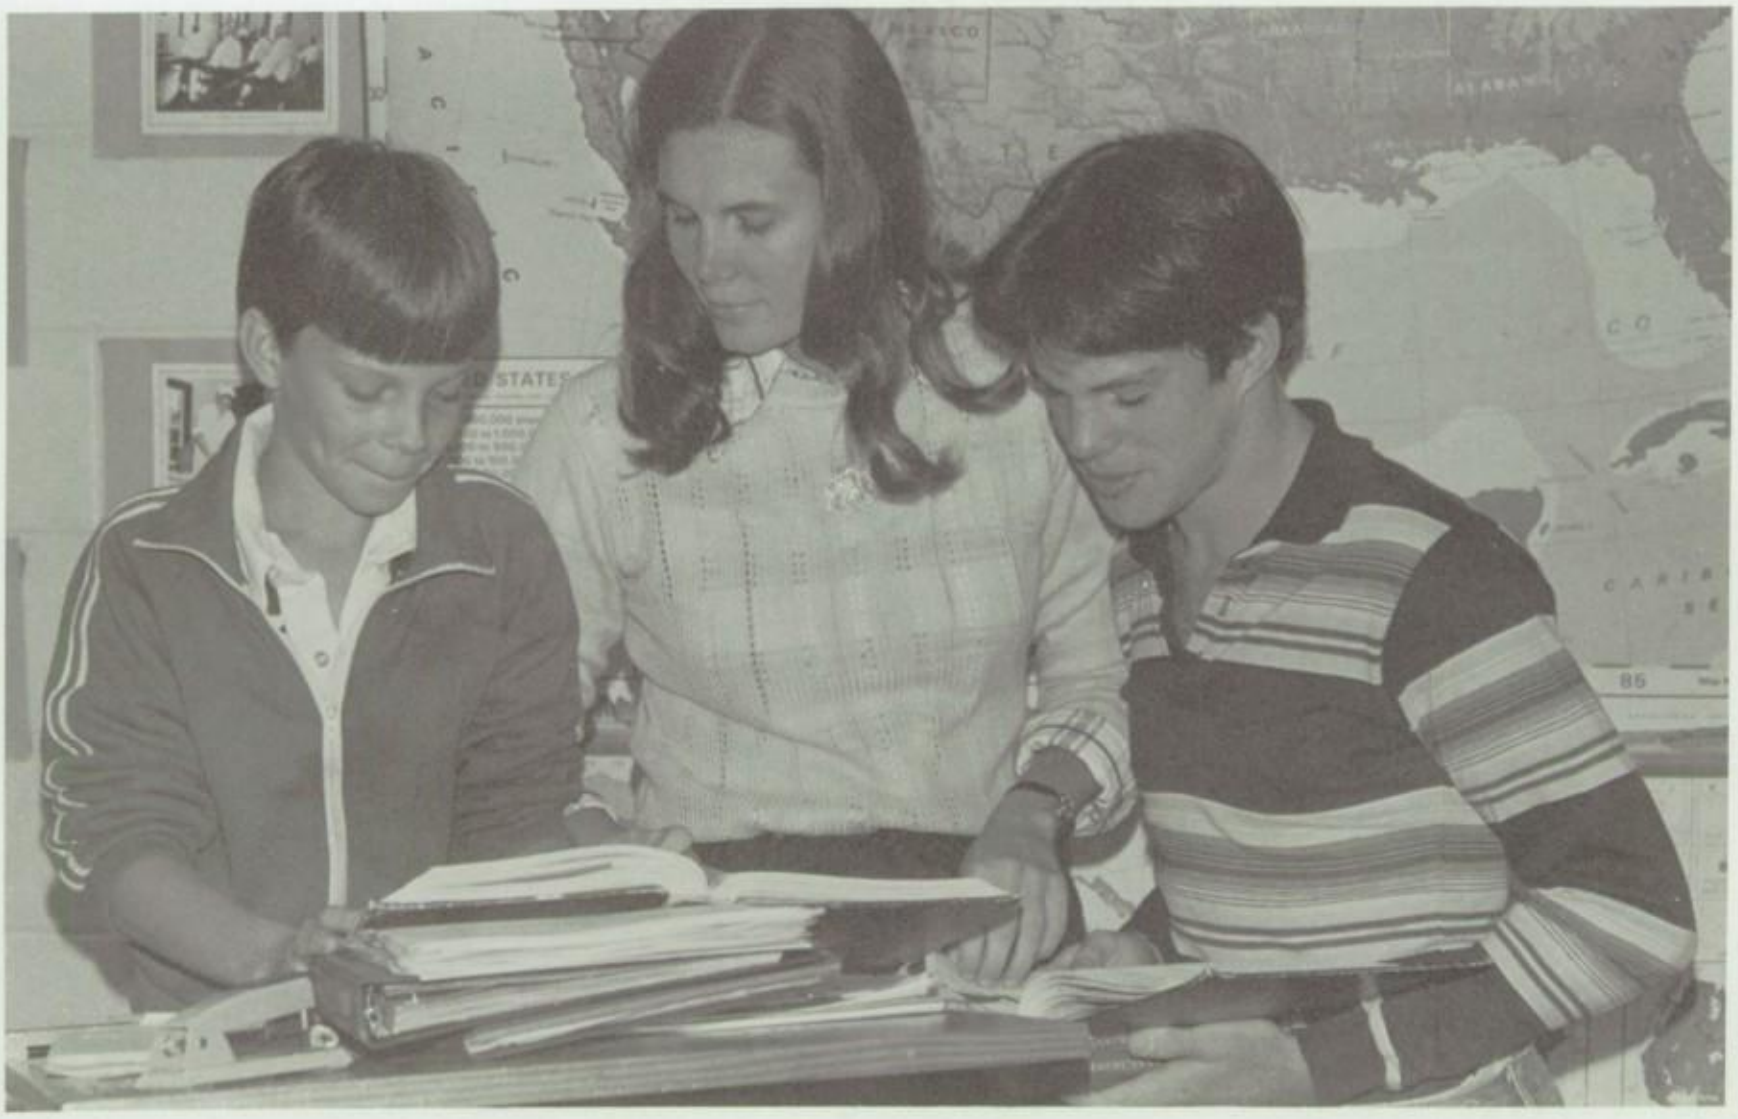
BIBLE

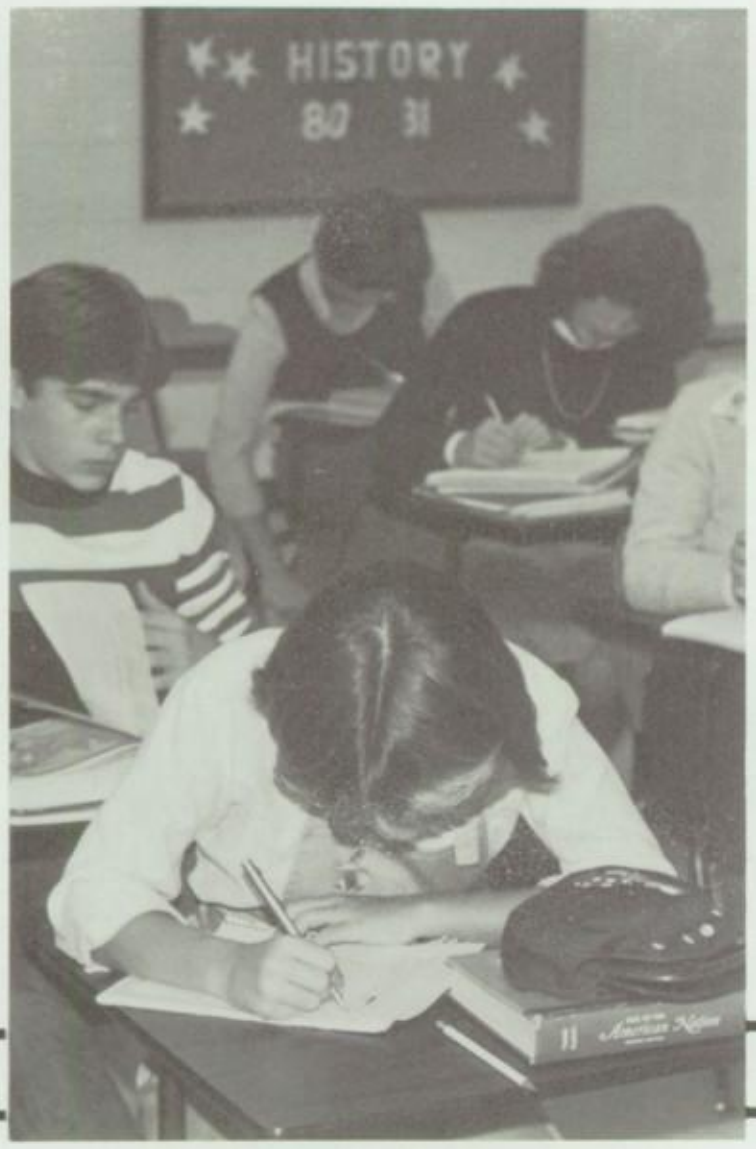
At WCA the all-important task of teaching God's word receives total emphasis. The purpose of this school is to instruct the students in the Bible and to nurture their spiritual growth. Bible is a required course that is taught at least twice a week, and chapel is held three times a week. Through these means, this institution hopes to create the Christian leaders of tomorrow. Because of the great importance Wake Christian puts upon impressing Christian ideals on its students, our motto might be:

> This book of the law shall not depart out of thy mouth; but thou shalt meditate therein day and night that thou mayest observe to do according to all that is written therein: for then thou shalt make thy way prosperous, and then thou shalt have good success.
>
> Joshua 1:8



HISTORY

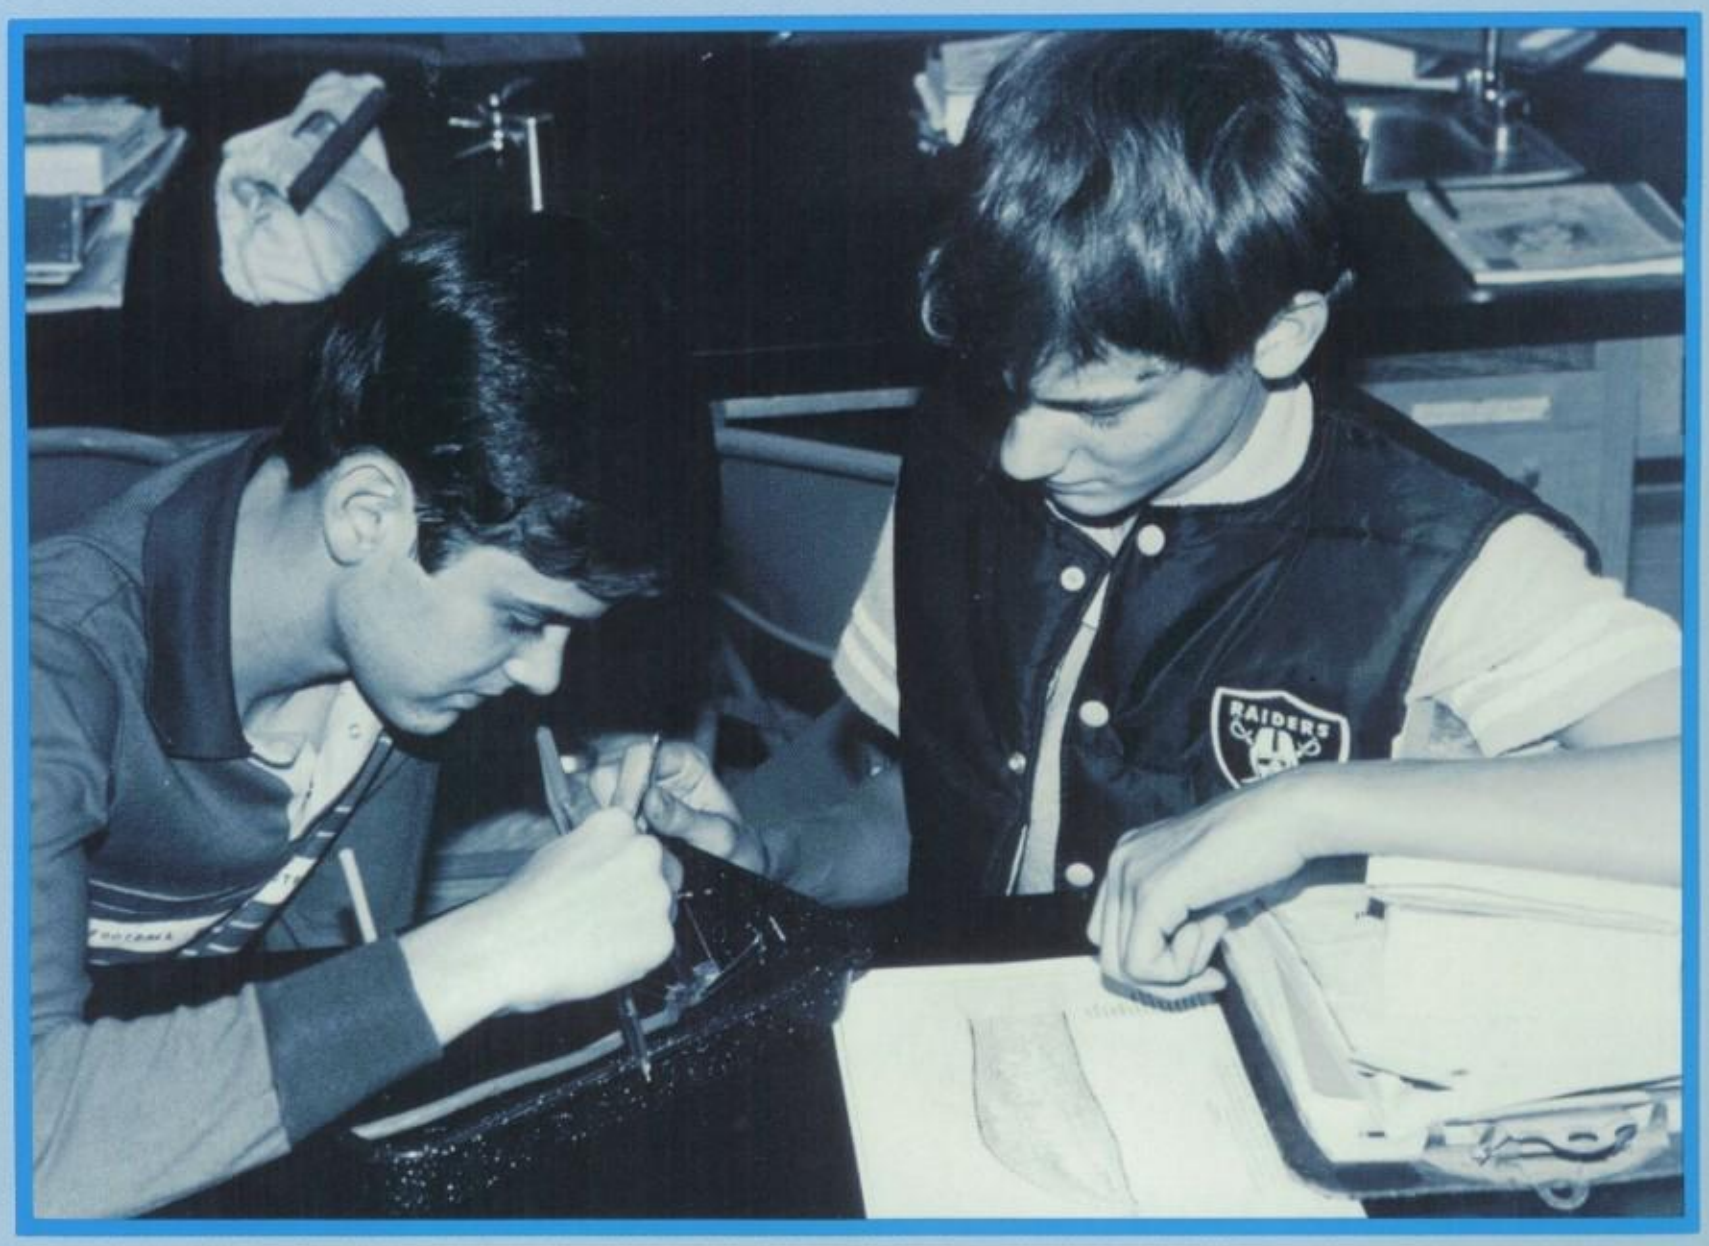


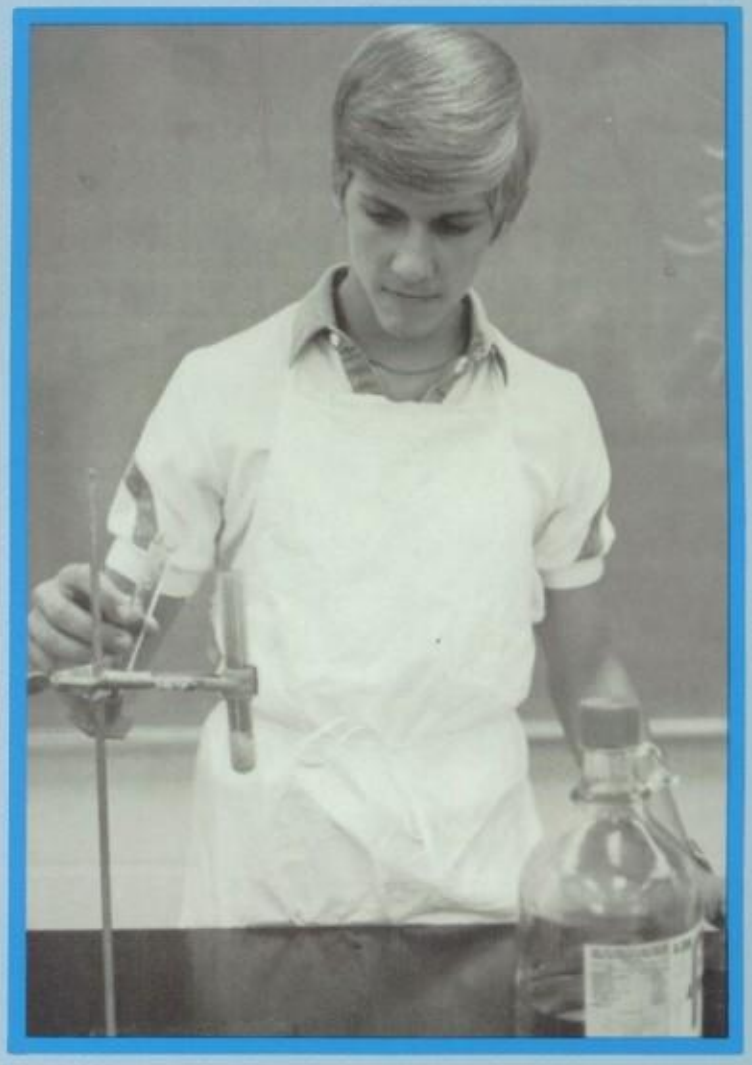


It's Coats' World and Fleetwood's North Carolina in our history department. They seek to instill in the students the Christian responsibilities of citizens and a love for our country as well as the importance of past experiences in relation to today's situations.

The historical moments of tomorrow are happening today, even here at Wake.

SCIENCE

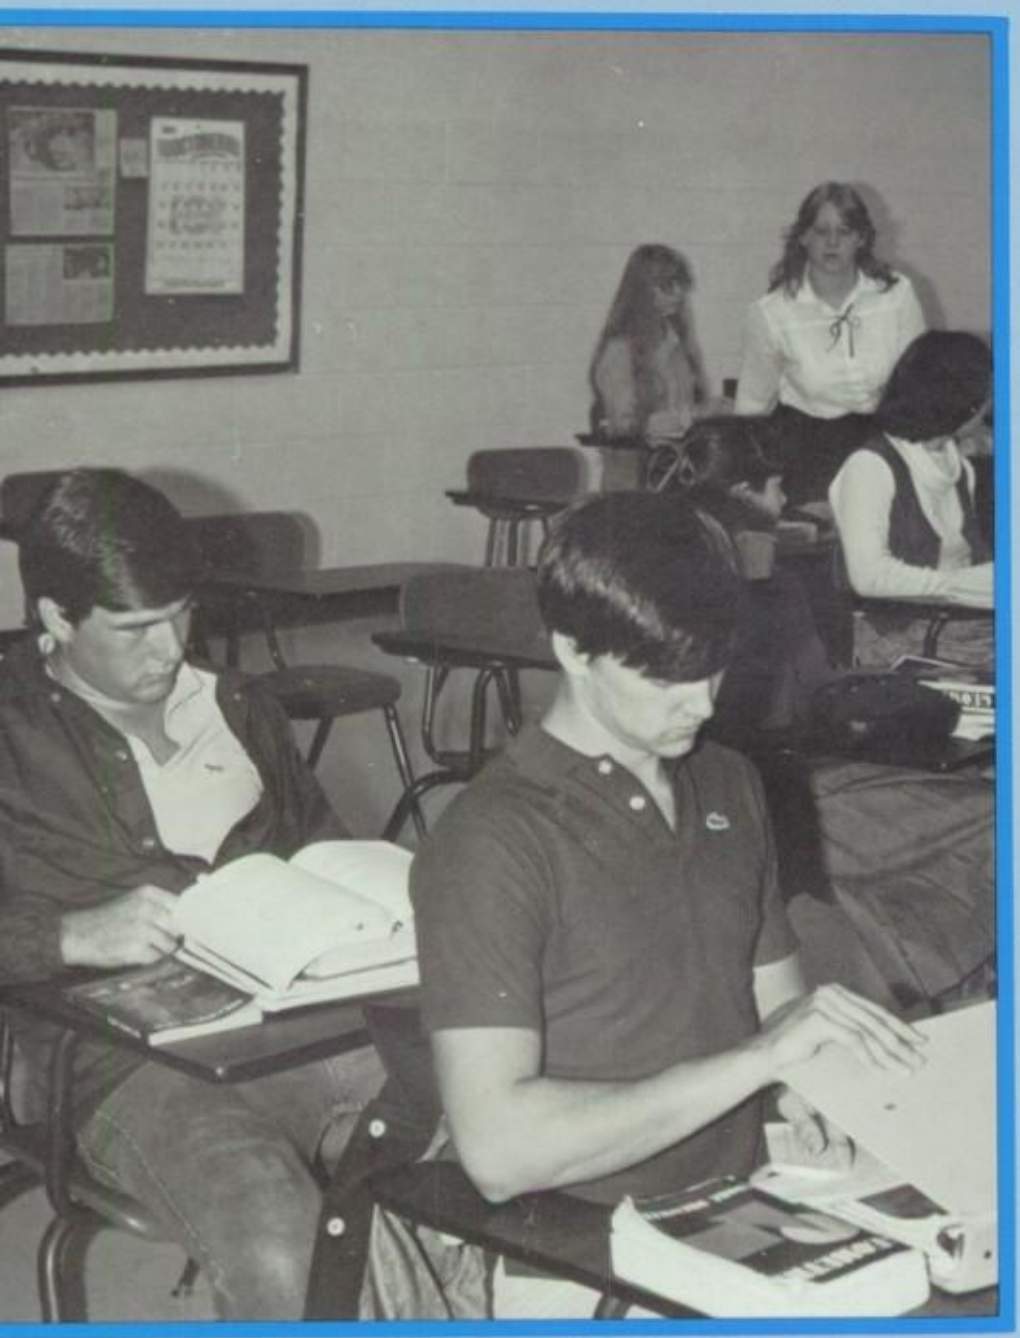




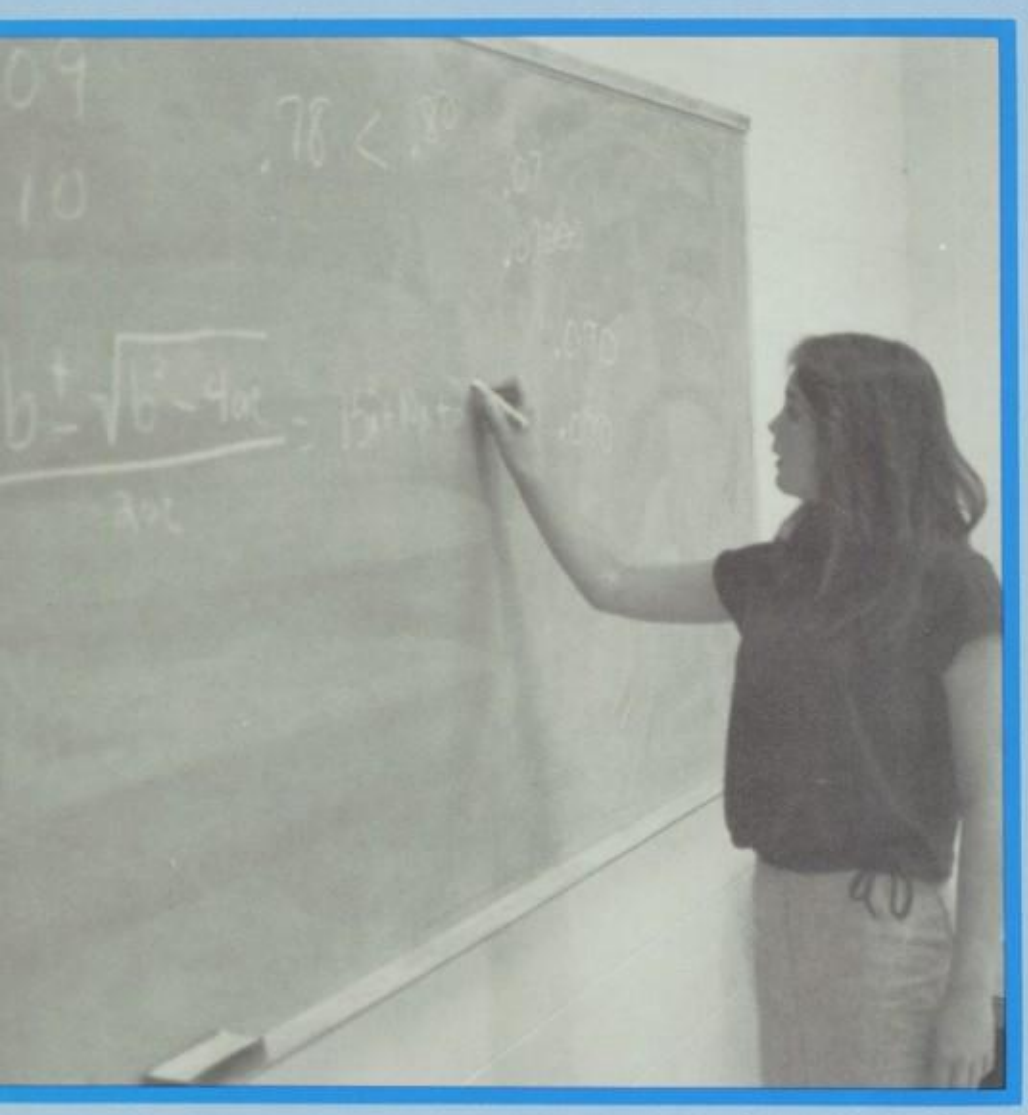
Organisms, amebas, dissecting earth worms and frogs, phosphates, metal detectors and formulas. Do all these sound foreign to you? If so, then you have not taken any science courses at WCA yet.

Science at Wake is viewed through the eyes of creationism instead of evolution.

Earth Science, Physical Science, Biology, Anatomy, and Chemistry are all available for study during your high school years.



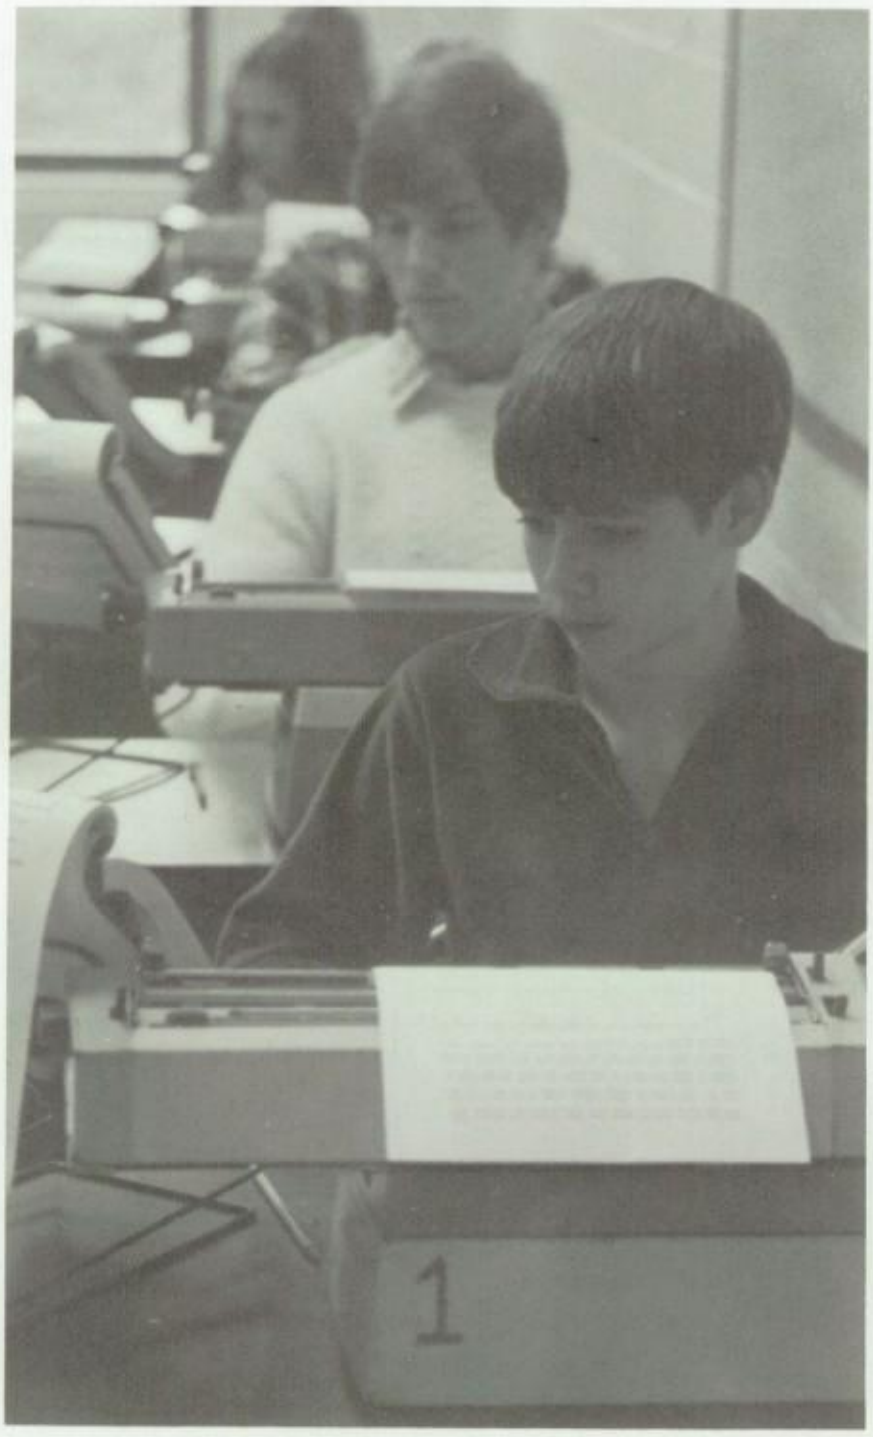
MATH

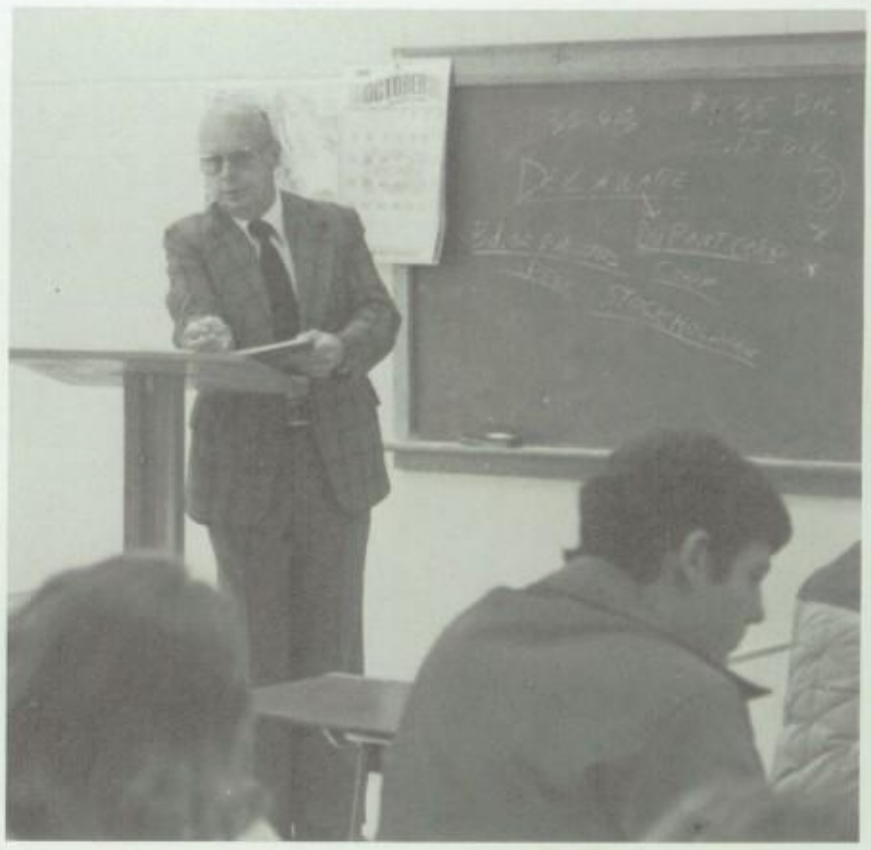


Reading, Writing, and 'Rithmetic are the "Three R's" everyone in school dreads each day of the school year. But where did they originate?

Arithmetic is the "R" we will explore. Scholars have translated clay tablets that show that the Babylonians were highly knowledgeable in arithmetic more than 4,000 years ago. The Hindus invented our present-day system, and the Arabs brought it to Europe a little before 1200.

Math classes at Wake are taught at the elementary level. General Math, Algebra I and II, Geometry, and Advanced Math are offered in the high school.





Proprietor, corporation, stocks.... Wait a minute! What does all this mean? It is part of the lingo of the business world. Education in this field began in the 17th and 18th centuries.

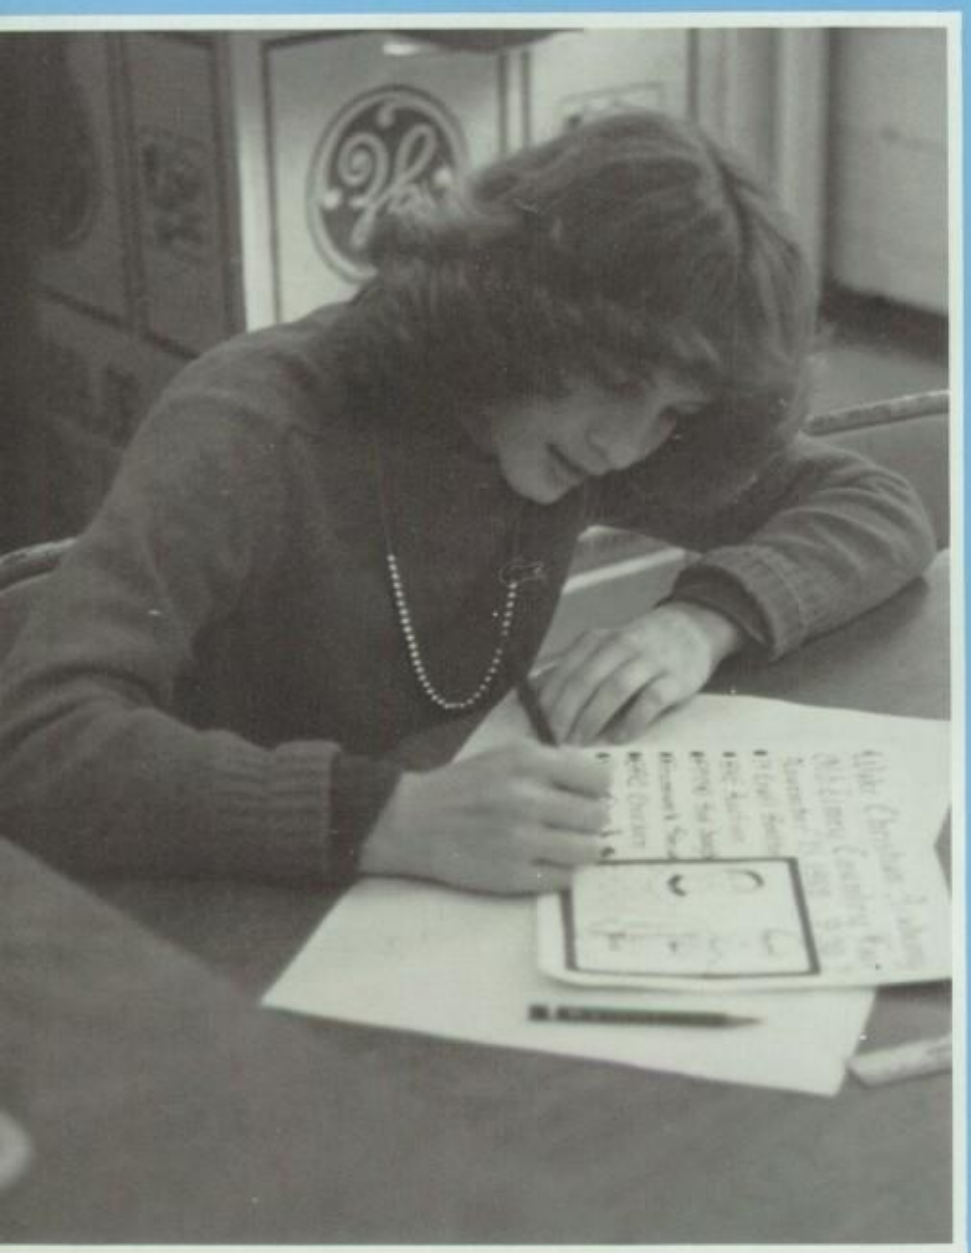
At Wake the business classes are Accounting I and II. If you were to take any business classes at Wake, you would be listening to Mr. Hugh Clark. Every once in a while he might say the words **secretary, debit, accountant, home row keys,** and various other business words. For some people business is hard, but for others it is a means of preparing themselves for the future.

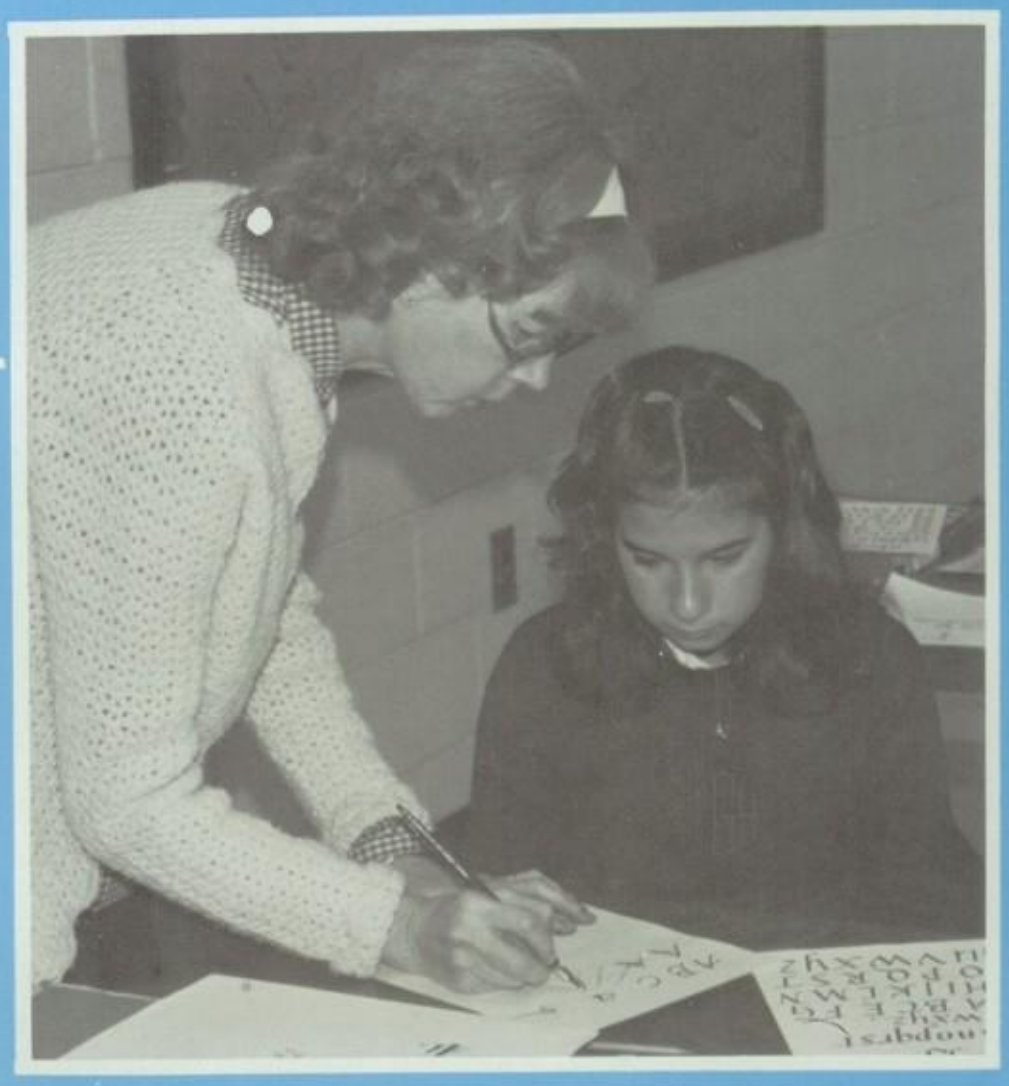
BUSINESS

SHOP

Even though this year's shop class is relatively small, Mr. Clark still maintains high aspirations for the future of the subject. This particular class seeks to instruct students in the arts of carpentry, plumbing, and auto mechanics. Shop gives the students an opportunity to experience a portion of these careers. This class is very practical in that it gives students knowledge that will be extremely relevant and useful in the future. With this basic instruction, the potentials and capabilities of a future occupation is greatly encouraged.

ART





What is art? Art is the reflection of man's imagination. Since the world was created, man has used art to express himself in many ways. Art has been used as a means of communication since the beginning of time. It is still used in much the same way today.

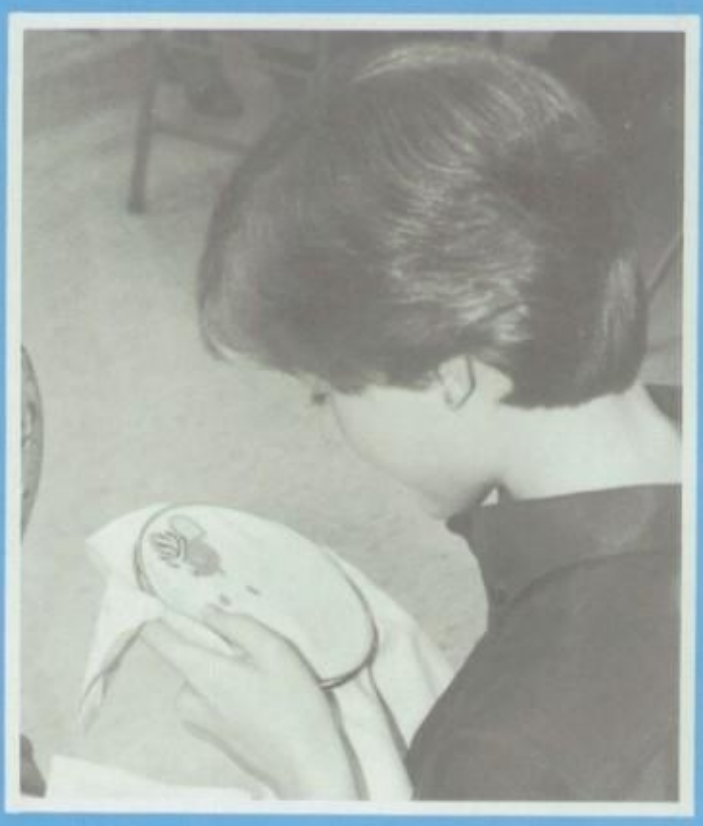
At Wake Christian Academy art is offered to all junior and senior high students. All of the elementary students take art to enrich their minds and imaginations. Art gives students a chance to use one of the talents God has given them. At WCA art is taught by Margaret Crumpler.

HOMEMAKERS

Homemaking is known to people of all lands. The first real Home Economics class was held about 1890.

Home Economics is a required course among females of today. It is very important to take Home Economics because the home is the backbone of our nation. Making the home a happy and peaceful place is an art and science; it requires knowing the problems and skills of homemaking.

This year in Home Economics the following was accomplished: learning to live with others peacefully, personal growth and development, classes on food and nutrition, proper clothing techniques, and arts and crafts.



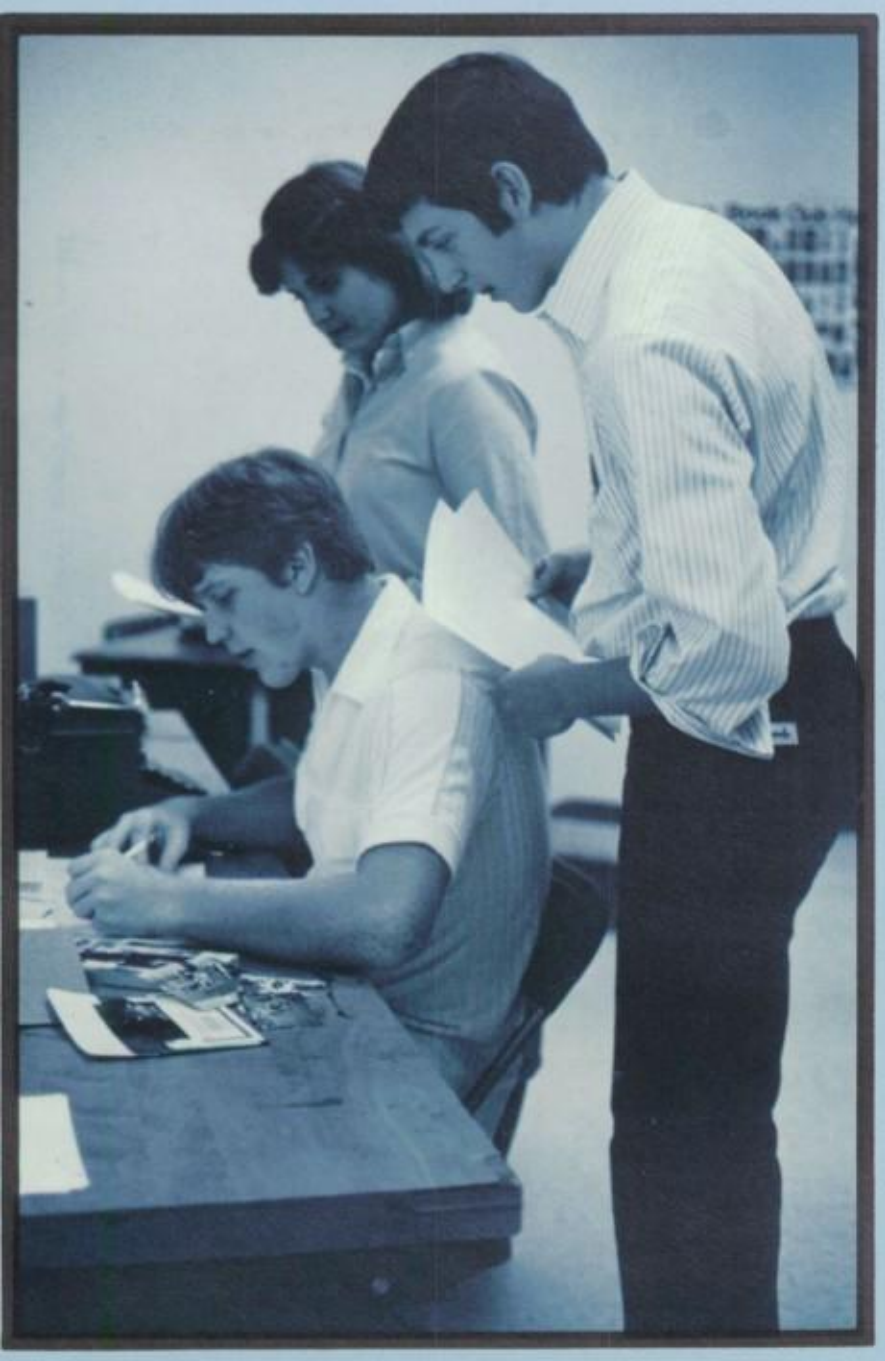
BAND

The WCA high school band has grown from fourteen three years ago to an enrollment of approximately forty this year. The band has won several distinguished awards. Their major accomplishment last year was the acquisition of new uniforms. The majority of band students have worked hard to make this group a source of pride for our school. We have confidence that the band will continue to grow and to strive to obtain excellence through instrumental music.

CHORUS

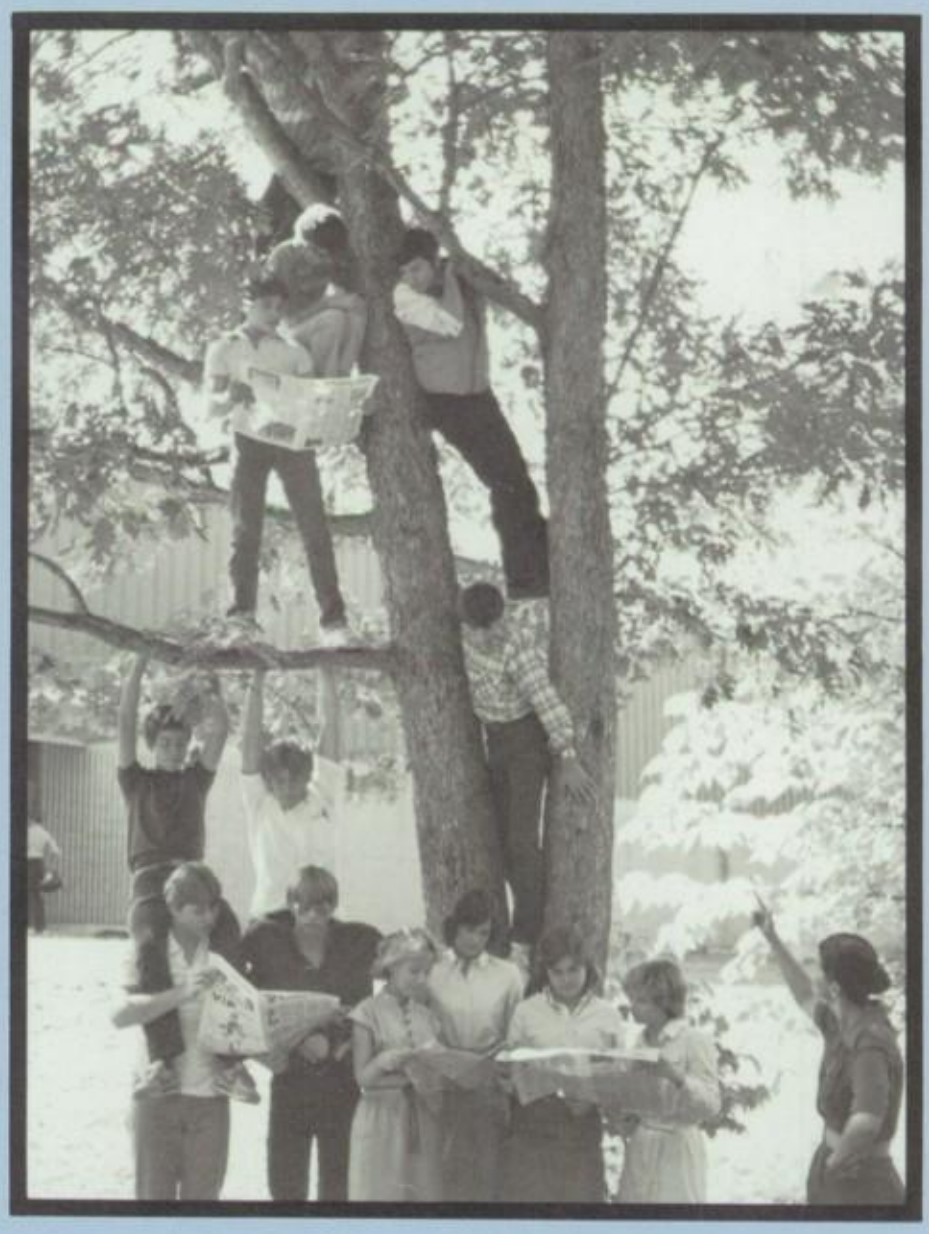
Our chorus has always been a great part of the academic program at Wake. Besides being a daily class, the chorus presents performances in chapel on holidays and special occasions. Both the senior and junior high choruses compete annually at the Christian Fine Arts Festival in Charlotte. At present, Miss Fiandach is the director of the section of the Music Department. The chorus also acts as a source of inspiration to the student body by administering the Gospel of Christ in song. The school as a whole is indebted to chorus for all the enjoyment and pleasure they provide.

JOURNALISM



Journalism is the profession of recording events that may be of interest to the public. Some of the different branches of journalism include the newspaper, magazines, and other journals. The first newspaper was a court journal published in Peking as early as the 500's. The first American newspaper was published in 1690 by Benjamin Harris.

This year's brand new **Bulldog Tales** staff had to maintain a good reputation because of last year's excellent staff and showing at the Fine Arts Festival. However, with fingers crossed, a little help under the direction of the editor, Jeff Yeargin, and the supervision of Mrs. Perry, they were able to continue the **Bulldog Tales** reputation of excellence of news reporting.

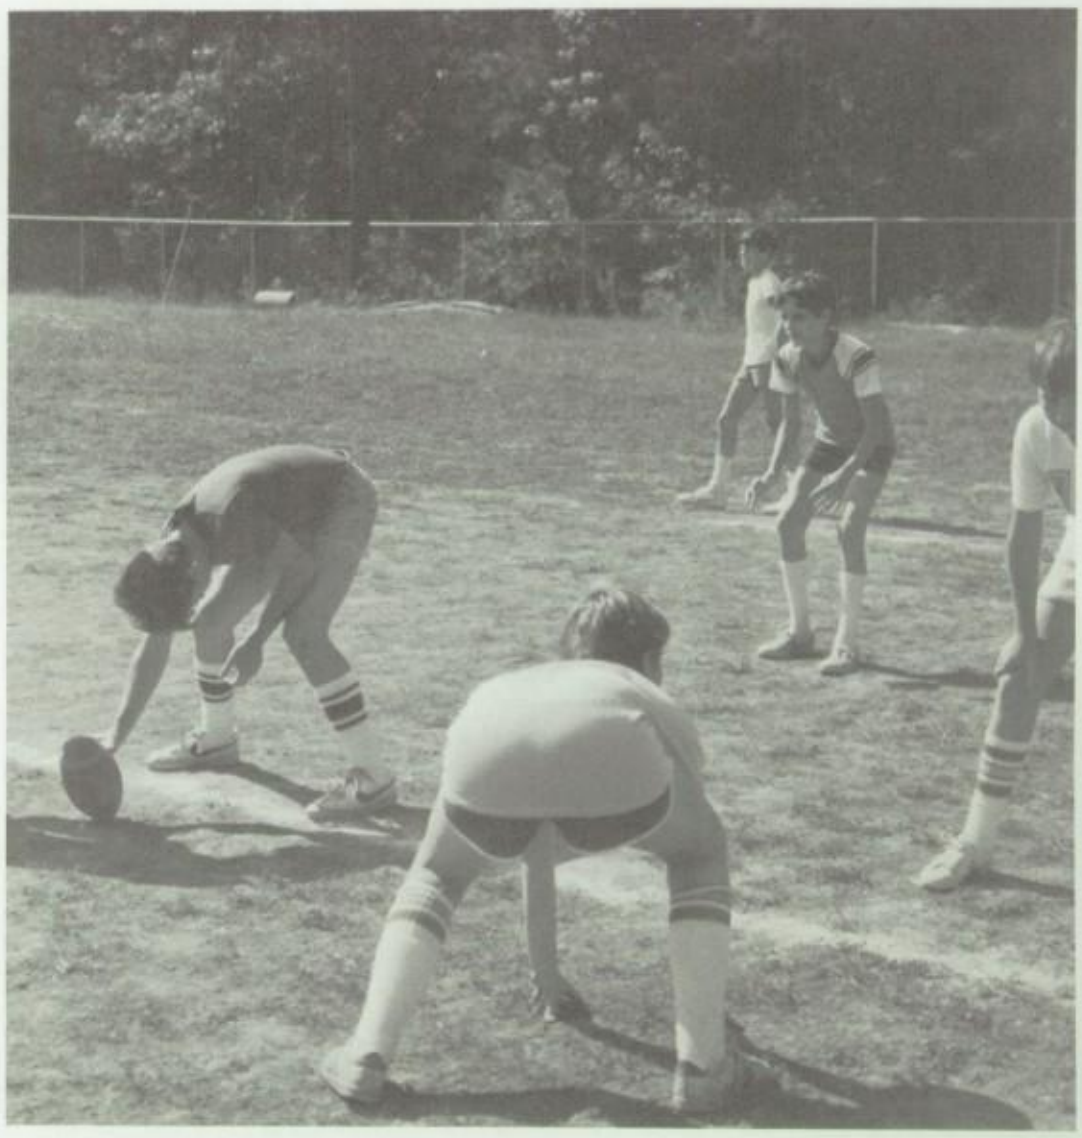


HEALTH & PE

And Jesus increased in wisdom and stature, and in favor with God and man.

Luke 3:52

Here at WCA we believe that there are three aspects of a child's life. A child should grow mentally, physically, and spiritually. All through history, every Christian parent has wanted his own child to grow in all areas. It is the responsibility of the physical education department to develop a child in the physical area.



BEHIND THE SCENES.

PIGGLY WIGGLY

They're going to college because...

you know where you're going.

But do you know all the ways life insurance can help you (and them) get there?

Higher education also means higher costs. Your dreams for your youngsters depend to a large extent on reaching your own goals, but if something should happen to you, you want them to have that education anyway. Just as you want them to remain in their own home, to stay in the world you have helped create for them.

Yes, you want security for your family now. Georgia International Life can help you, by designing an insurance program to custom-fit your family and your dreams. One of our professionals is ready to show you all the ways life insurance can help you get where you're going— no matter what.

Georgia International Life...
insuring your world.

WHERE WERE THEY...

New Teachers:

Rita Boggs, Graham Hudgins,
Bob Hedrick, Sue Crittenden.

DURING THE SHOOTING?

The Way We Were

Memories light the corners of my mind,
Misty water color memories of the way we were.
Scattered picture of the smiles we left behind,
Smiles we gave to one another for the way we were.

Can it be that it was all so simple then,
Or has time rewritten every line?
If we had the chance to do it all again,
Tell me would we? could we?
Memories may be beautiful, and yet,
What's too painful to remember,
we simply choose to forget.
So it's the laughter we will remember,
Whenever we remember the way we were.

Motto: We must live each day as friends, for each day that passes is one less day to be together.
Flower: Red Rose with Baby's Breath.
Colors: Burgundy and Silver.

Day 180

CHALLENGE

The book you hold in your hands is a book of history, a book of memories and friends with whom you shared your year. All that happens becomes HISTORICAL MOMENTS, so make them count.

I hope this annual holds most of your memories from the past year, everything from class time to the joys and pleasure you shared with friends. I enjoyed the privilege of being the editor of this annual. Little did I know what I would learn from this job, things like how many picas in an inch, how to paste down individual pictures, and learning how to get along with others.

There are several people that without their help and concern this book would never have been completed; they are my parents, Miss Aycock, Mrs. Gauldin, Laurie Bryan - Co-Editor, the rest of the Annual Staff, Mr. Joseph Sample, for his technological advice, Dallas Bowden, Dale Wall and his mother who developed pictures. I'm glad to have been a part of the HISTORICAL MOMENTS of 1981.

Thank You,

Shirlene Cates
